## PROGRESS MADE IN CASE

Dalton Jury May Be Complete  
Tonight and Actual Trial  
Begin Tomorrow

Wife of Accused Assessor Ap-  
pears in Court to Listen  
to Proceedings

### Jurors Accepted in the Dalton Case

JACOB MUELLER, a merchant  
of 1711 Filbert street, Oakland,  
JOHN W. WATSON, retired  
farmer, 1927 Parker street, Berke-  
ley.

H. W. ALLEN, retired railroad  
man, 2808 Fulton street, Berkeley.  
JOHN SMITH, grocer, 225 Hollis  
street, Oakland.

GUSTAVE MOLLER, retired car-  
penter, 2927 Otis street, Berkeley.  
CHARLES A. WAKEFIELD, re-  
tired, 474 Central avenue, Alameda.

L. J. KENDRICK, mining and  
milling, 312 Shattuck avenue.  
GEO. H. HOWSON, 1801 Fair-  
view street, Berkeley.

HUGH FLYNN, retired black-  
smith, 1068 Eighth street.

Up to noon today, no increase in the  
number of jurors over the nine who had  
been chosen up to last evening, had been  
secured in the case of County Assessor  
Dalton, who is on trial in Judge Brown's  
department of the Superior Court on the  
charge of asking for and accepting a  
bribe from the Spring Valley Water Com-  
pany.

The examinations of the three talesmen  
put in the box this morning, especially on  
the part of counsel for the defendant, re-  
turned to their tedious length of two days  
ago and, as a consequence, slow progress  
was made.

At the time of the noon adjournment,  
the result of the morning's work was  
that C. F. Mau, the first talesman ex-  
amined, was excused for cause, the  
challenge offered by the prosecution be-  
ing sustained as against the denial of  
the same by the counsel for the defense.

Mau seemed to have mental distinction  
as to the manner in which certain ques-  
tions propounded by opposing counsel  
should be answered. The distinctions  
could not be understood by the court and  
accordingly the talesman was excused.

The second talesman, H. Hornanson of  
538 East Twelfth street was passed  
temporarily by both sides. Fred W.  
Thompson, a painter of 878 Cedar street,  
Alameda, was excused by consent after  
he had been asked a few questions prop-  
ounded by Hynes which intended to  
show that the assistant district attorney  
was under the impression that the tales-

### American Yacht Wins Emperor William Cup

Bibilot Finishes First in Annual  
Regatta at Kiel, Ger-  
many.

KIEL, Germany, June 28.—The  
American yacht Bibilot won the fifth  
annual yacht race today and captured  
the Emperor William Cup offered for  
the winner of the series of Sonder-  
class competitions.

The American yacht Beaver was sec-  
ond. The winner of the cup is owned  
by Harry Payne Whitney, of the New  
York Yacht Club, and R. W. Emmons,  
of the Eastern Yacht Club. She won  
three of the five races, the Beaver and  
the American Yacht Club each taking  
one.

The German yacht Tilly, Wannsee and  
Seehund III were badly beaten.

### Banker Found Guilty of Falsifying Reports

NEW YORK, June 28.—Joseph B.  
Reichman, formerly president of the  
Carnegie Trust Company, was found  
guilty today of making false statements  
to the state banking department. The  
jury deliberated an hour.

### Death in Mountain Lake Is Sad End Of Summer Outing

MISS VIDA SHERMAN,  
Who Met a Tragic Death  
While On Her Vacation at  
Fallen Leaf Lake.

## OAKLAND SCHOOL TEACHER IS DROWNED

Sudden Grief Comes to  
Family and Friends of  
Miss Sherman

A fall which rendered her unconscious,  
followed by drowning in Fallen Leaf  
Lake, near Lake Tahoe, yesterday brought  
death to Miss Vida Louise Sherman, for  
six years teacher in the Oakland High  
School and prominent in Oakland club-  
dom. The details of the accident have  
not yet been received by Miss Sherman's  
mother here, Mrs. George E. Sherman of  
242 Bonita avenue, Piedmont.

Miss Sherman was spending several  
weeks at Tahoe in company with an in-  
timate friend, Miss Margaret Webb, also  
a teacher in the Oakland High School.  
The two ladies, in company with other  
friends, did a good deal of climbing, and  
the telegram received by Mrs. Sherman  
merely states that her daughter fell on  
the rocks and then was drowned. The  
supposition is that Miss Sherman may  
have fallen from a cliff into the lake.

Miss Webb, accompanying the body of her  
dead friend, is expected to arrive in this  
city late this afternoon, before which  
time no definite particulars will be known  
by the family.

The dead teacher, who is a native of  
Oakland, having been born in this city  
29 years ago, attended school here, both  
grammar and high, after which she en-  
tered the University of California, where  
she was prominent as a member of the  
Gamma Phi Beta sorority. She graduated  
from college with the class of 1897, after  
which she began teaching, going first to  
Santa Paula, in Southern California, then  
to San Bernardino, finally coming to the  
Oakland High School six years ago. For  
two years she was the head of the Eng-  
lish department, but of recent years has  
been teacher of Latin.

Miss Sherman was the daughter of Dr.  
George E. Sherman, for many years a  
prominent resident of this city. He died  
several years ago, and since that time  
Miss Sherman and her mother have made  
their home with Mrs. Sherman's sister,  
Mrs. Ida M. Wetmore. Miss Sherman also  
has three brothers, the youngest, George  
A., being a well-known resident of Berke-  
ley. Edward, another brother, was  
prominent as a baseball player in Cali-  
fornia during the '90s, and is now a resi-  
dent of Canada. A third brother, Bertram,  
lives in Nampa, Idaho. No arrangements  
for the funeral have as yet been made.

### Erie Road Puts Age Limit on Employees

NEW YORK, June 28.—The maximum  
age limit at which a man may obtain  
employment in any department of the Erie  
railroad is now 35 years. A strict order  
to that effect has been issued.

A tall, alert, well-developed man called  
yesterday at the freight claim depart-  
ment and asked for a clerical position.  
He was informed that there were sev-  
eral vacancies, but when he gave his age  
as 35 he was told that orders had been  
issued not to employ any person who was  
more than 35.

## WIDOW OF JANNEY WEDS

Woman Marries Man Over Whom  
Lieutenant Killed Himself  
in Manila

Col. R. F. Ames Secretly Becomes  
Husband of Former Miss  
McKissick

SACRAMENTO, June 28.—Colonel  
Robert F. Ames of New York and  
Mrs. Madeline Janney, formerly Miss  
Madeline McKissick of this city, widow  
of Lieutenant Janney who shot and  
killed himself in Manila about a year  
ago, were married in Sacramento se-  
cretly on June 6, at the residence of  
R. T. McKissick, an attorney.

It was because of the friendship  
between Mrs. Janney and Colonel  
Ames that Lieutenant Janney killed  
himself and thereby created one of  
the greatest scandals in army circles.  
Colonel Ames and Mrs. Janney came  
to this city and were married secretly.  
The fact that they had been joined in  
wedlock became known only today,  
after every effort had been made to  
keep the facts from the public.

Lieutenant Janney, an officer under  
Colonel Ames, with headquarters in  
Manila, shot himself through the head  
in the presence of his wife and the  
colonel one night at the dinner table,  
following the discovery that Mrs. Jan-  
ney had presented to his superior officer  
a loving cup given Janney as a  
token of esteem from his fellow offi-  
cers.

After the sensational suicide Colonel  
Ames was court-martialed and ex-  
onerated.

### Centenarian Predicts Her Death and Dies

Aged 108, She Says "My Time  
Has Come," Lies Down and  
Passes Quietly Away.

LANSING, Mich., June 28.—"Well,  
I guess my time has come," said Mrs.  
Lachia Williams, aged 108, as she  
stood in the doorway of the home of  
her daughter, Mrs. Ellen Bannister,  
talking to a neighbor yesterday. With  
that remark she went inside and,  
lying down on a couch, passed quietly  
away.

## Spanish War Veterans Deadlocked Over Election

SAN DIEGO, June 28.—A deadlock  
in the election of a junior vice-com-  
mander furnished excitement for the  
closing Spanish War Veterans in the  
annual encampment at Coronado Tent City  
this morning. On the first ballot L. T.  
Stephenson, of Fresno, and Major H. R.  
Fay of San Diego received the same num-  
ber of votes. As the balloting is done  
under the Australian system, the second  
ballot was slow and tedious. The result  
will not be known until late this after-  
noon. The only other real contest was  
for marshal, F. G. Booth of Riverside

## Cracksmen Force Safe in Postoffice at Alvarado

Burglars forced the door of the post-  
office at Alvarado late last night and  
broke open the little iron safe with a  
pick. They found nothing of value in  
the safe and decamped, driving out of  
town with a horse and buggy belong-  
ing to Joseph Rose. It is believed that  
the parties had made preparations for a  
much larger haul, either from the post-  
office or from some other source, as the  
telephone cable connecting the local  
switchboard was severed shortly after  
midnight, as was the telegraph wire lead-  
ing from the Southern Pacific depot.

## NEW ANGLE TO TIMES CASE

Citation for Contempt Issued  
Against Wife of Ortie  
McManigal

Action Prompted by Her Refusal  
to Appear Again Before  
Grand Jury

LOS ANGELES, June 28.—With the  
defense declaring that Mrs. Ortie Mc-  
Manigal will not appear before the  
grand jury except by direct order of the  
court, and the prosecution asserting that  
it desires her to appear early, a lively  
battle over one of the principal witnesses  
in the cases against John J. and James  
B. McNamara, alleged murderers by the  
use of dynamite, is imminent.

Shortly before noon Assistant District  
Attorney Arthur Velch filed a contempt  
complaint against Mrs. McManigal.

This action followed the definite re-  
fusal of her attorneys to permit her to  
appear before the grand jury again. The  
attorneys declared that she was sick in  
bed and that they would not allow her to  
go again before the inquisitorial body  
without a direct order of the court.

CITATION IS ISSUED.

Then Velch went before Presiding  
Judge George H. Hutton and filed an af-  
fidavit charging Mrs. McManigal with  
failing to answer pertinent questions and  
as a matter of law, with contempt for  
not doing so.

A citation for contempt followed, Mrs.  
McManigal being ordered to appear in  
court Saturday to show cause why she  
should not be punished for refusing to  
answer questions. Judge Hutton or-  
dered that the contempt proceedings be  
heard by Judge Walter Bondwell before  
whom the McNamara dynamite con-  
spiracy cases were assigned, and who  
will return from a month's vacation by  
Saturday.

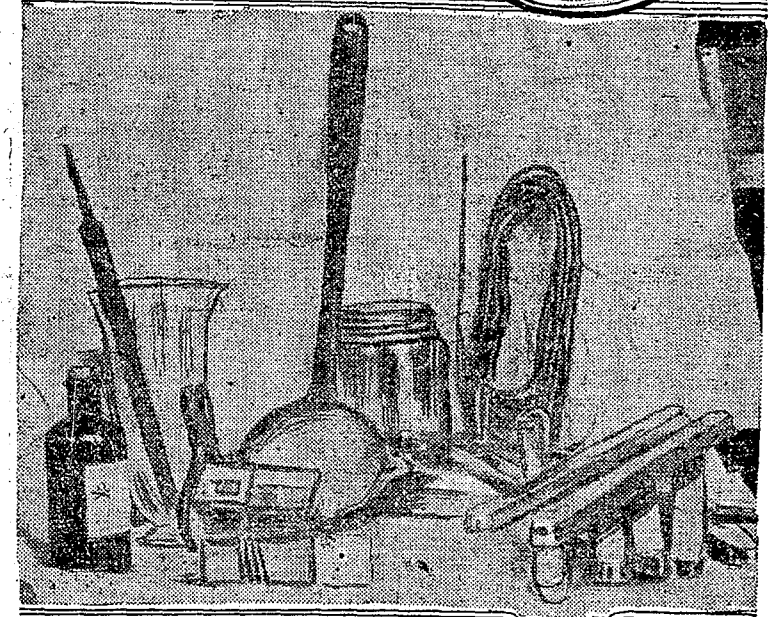

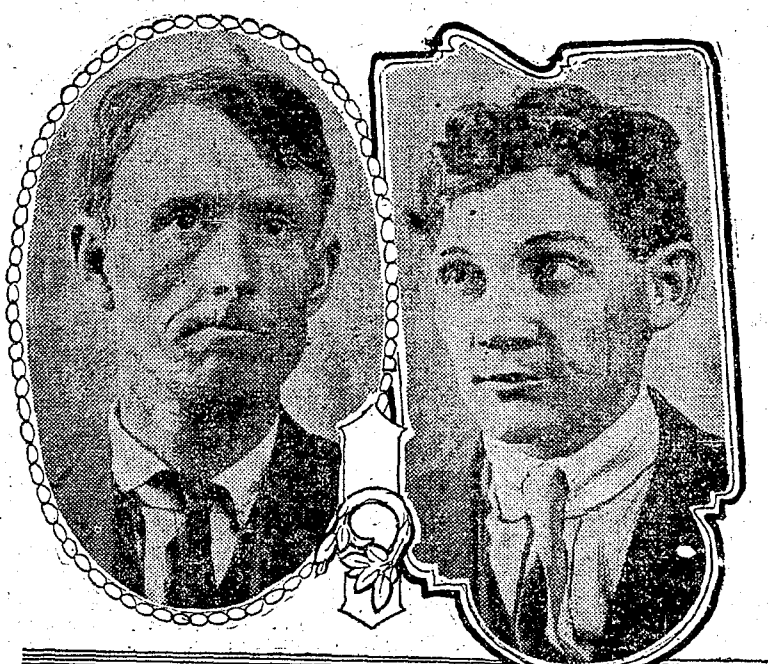

WOMAN IS STILL ILL.

Mrs. McManigal, her attorneys assert-  
ed, is still suffering from the ordeal of  
yesterday, when her husband is averred  
to have importuned her to join him in  
aiding the prosecution in the trials of  
the McNamara. This, it was also de-  
clared, she firmly refused to do. Her  
attorneys asserted that they had no in-  
tention of permitting her to undergo a  
similar trial today without making every  
effort to prevent it.

Attorney Darrow and his associates de-  
clare there is still a possibility of their

## COUNTERFEITERS TWO MAY LOSE CAUGHT BY SLEUTHS HEADS FOR VOUCHER

Bad Money Men Fall  
Into Net of the Local  
Police Department

After patiently trailing two clever  
counterfeiters for two weeks, during  
which local detectives and members of  
the United States secret service  
watched their quarry fleece Oakland  
merchants with bogus coins manu-  
factured in a "plant" in this city, and  
gathered a mass of evidence, officers  
arrested Charles Bush and John Tilton,  
two expert counterfeiters, this  
morning and lodged them in the city  
prison. They will be charged under  
the federal statutes in the United  
States courts in San Francisco, where  
the trial will be held.

Thousands of dollars in counterfeit  
coin have been dumped upon the local  
market in the past month by the two  
clever swindlers arrested this morning,  
according to the secret service men  
and Captain of Detectives Walter J.  
Peterson. The authorities declare  
that they have a perfect case against  
the two men and that there will be  
no question of their being convicted.  
The tools composing the counterfeiting  
plant, including metal and alloy,  
acids, molds, lades and measures was  
discovered today by the detectives,  
and on the person of one of the two  
prisoners was found a sack of twenty  
counterfeit one dollar pieces.

MADE BAD DOLLARS.

The counterfeiters confined their  
attention to making bogus dollars.  
The experts they showed in this  
in manufacturing plaster of paris  
molds, in mixing an alloy of white  
metal and copper that would ring like  
a dollar and still have the appearance  
of silver, indicates to the federal au-  
thorities that they have made a cap-

## TROUBLE IS CAUSE OF TRAGEDY

Easterner Commits Suicide in  
Shocking Manner in San  
Francisco

Leaves Note Giving Name and  
Address and Announcing  
Purpose

SAN FRANCISCO, June 28.—  
After deliberately planning sui-  
cide and registering at one of the  
best hotels of the city, Miss Flor-  
ence R. Cushing, a pretty young  
woman, jumped from the seventh  
story window of the Paisley, Mas-  
son and Geary streets, at 10  
o'clock this morning. She was  
dead on arriving at the Central  
Emergency Hospital.

It is probable that the woman  
deliberately planned to hurl her-  
self from the window, but it is  
possible that that mode of death  
was suggested to her, as a few  
minutes before, Mrs. A. H.  
Strohm, one of the managers,  
had opened the door believing  
her guest had departed, and dis-  
covered her sitting on the sill,  
and had warned her that she  
might easily lose her balance and  
fall out.

The following note left by Miss  
Cushing gives the only clue to the  
reason for her desiring to end her  
existence. It was written on an en-  
velope of note size and reads as fol-  
lows:

I intended to jump overboard  
from the Sierra last night, but  
things happened to prevent.  
Troubles have made me desper-  
ate.

Notify C. E. Cushing, Needham,  
Mass.

You will find my home ticket  
and money on me. I am not  
afraid to die.

Nothing is known of Miss Cushing  
at the Hotel Stewart, where she re-  
gistered last night from Honolulu, from  
whence she came on the steamship  
Sierra. The Stewart was crowded on  
account of the Sunday school con-  
vention and the proprietor transferred  
her to the Paisley, together with Miss  
A. S. Marsh, a passenger on the same  
vessel. Miss Marsh could not be seen  
this morning and whether or not she  
could throw any light on the suicide  
was not learned.

At 8 a. m. Miss Cushing paid her  
bill to the clerk and it was thought  
that she was going to depart immedi-  
ately as her grips were packed. She  
did not give her destination, and at  
9:45, when Mrs. A. H. Strohm, the  
manager, opened the room with her  
pass key, as is her custom after guests  
depart, she saw Miss Cushing sitting  
on the window sill. The sill is ex-  
tremely low, and fearing an accident,  
Mrs. Strohm said:

"Be careful that you don't fall out,"  
whereupon Miss Cushing responded:

"Oh, I'm all right. Don't worry  
about me."

A few seconds later a workman on  
Geary street saw the woman's body  
hurl through the air from the win-  
dow of her room, falling in a vacant  
lot seven stories below. The Em-  
ergency hospital was notified and an  
ambulance summoned, but the wo-  
man's neck was broken by the fall  
and scarcely any breath remained in  
the frail form when the steward ar-  
rived. She died enroute to the hos-  
pital.

Miss Cushing was an exceedingly  
comely person, short, neatly and care-  
fully attired, and of refined appear-  
ance. All of her effects bear the  
marks of culture, and it is quite evi-  
dent that she is a person of impor-  
tance.

Among Miss Cushing's possessions  
was a tourist ticket from Boston dated  
January 25, and good for return with-  
in nine months from date.

the result of the recent investigation of

## De Laveaga Will Is Broken by Judge Coffey

SAN FRANCISCO, June 28.—The will  
of the late Maria Concepcion De Laveaga,  
involving the disposal of a \$3,000,000  
estate, was broken today by Superior  
Judge Coffey. It is held by the court that  
Miss De Laveaga, who was an elderly  
spinster, was too feeble in mind to  
handle her affairs intelligently when she

left the bulk of her estate to her sister,  
Mrs. Maria Josefa Cebrian and cut off  
her brother and other relatives with \$50,-  
000. The brother, Miguel De Laveaga,  
instituted the suit. The de Laveaga  
family belonged to the old Spanish regime  
and the suit has excited great interest.  
The trial has taken 212 days, and 18,000  
pages of testimony were given.

**Physicians Give Fred C. Wells Hope; He Regains Consciousness.**

Fred C. Wells, receiving teller of the Central National Bank of this city, who was seriously injured Monday night in an automobile accident at which time Dr. W. H. Rice met his death, was reported to be somewhat improved this morning. He is still in the Providence hospital under the care of Drs. J. M. Kane and W. S. Porter. About midnight he regained consciousness for the first time since he sustained the injury to his skull.

At the hour of going to press his condition was the same.

The funeral of Dr. Rice will be held Friday afternoon at 2 o'clock from the undertaking parlors of E. James Finney in Eighteenth street and the remains will be placed in a receiving vault at Mountain View Cemetery.

Miss Jane Cooper, fiancée of Wells, is at the present time traveling in Europe. Word of the accident was cabled her yesterday, but she was not advised to start home for the reason that Wells' injuries were of such a nature that a turn one way or another might be expected at any moment. He is considered now to have a better chance of recovery than was conceded by the surgeons yesterday.

asking for a change of venue, but that the matter has not been definitely determined. They said they would not reach a conclusion on the question for some time. They declare, however, that when the accused men appear July 5 to enter pleas, the prosecution will file charges against them they will file motions to quash the indictments on every possible ground.

STAGE IS SET.

The prosecution arranged a stage setting in the McManigal dynamite conspiracy case yesterday that had unexpectedly dramatic effects. They confronted Mrs. Ortie E. McManigal with her husband, one of the accused conspirators, in an ante-room of the grand jury chamber, and before the murder charges against them they will file motions to quash the indictments on every possible ground.

According to the detectives, the object of the interview was to have McManigal induce his wife to change her attitude and abandon the defense.

**PRE-ARRANGED PLAN.**

In accordance with pre-arranged plans, Mrs. McManigal was taken from the grand jury to be told that she was not exempt from testifying against the McManigal brothers on the ground that she might incriminate her husband. She was also informed that by refusing to tell what she is believed to know of the disaster to the Los Angeles Times building October 1, 1910, when twenty-one employees lost their lives, she laid herself out for a jail sentence for contempt and to possible prosecution as an accomplice in the alleged plot.

Hardly had she entered the jury room before her husband, who is alleged to have confessed to the crime, was taken into the county jail by four officers and escorted to an ante-room of the jury's chamber. When McManigal made his appearance, Clarence Darrow, Joseph Scott and LeCompt Davis, attorneys for the McManigal brothers and at present acting also for Mrs. McManigal, were visibly surprised. They said they could only surmise what the unexpected move on the part of the prosecution meant.

It developed later that the woman was taken into the ante-room and left alone with her husband, who, it was asserted by Burns' detectives, pleaded with her to align herself with the prosecution, telling her that she would be well provided for. Later they were joined by Malcolm McLaren, one of Burns' lieutenants, who added his importunings to that of her husband.

**PHYSICIAN CALLED.**

While undergoing this ordeal, Mrs. McManigal fell into a faint, and at the request of her husband a physician was hastily called, who announced afterward that when he had restored her to consciousness she still suffered from a severe shock of some kind.

For perhaps half an hour, Mrs. McManigal rested. Then in company with her attorneys started for an elevator to descend to the ground to take an automobile. The corridor outside the grand jury chambers was thronged with detectives for both sides. Several Burns men followed Mrs. McManigal and her attorneys to the elevator. Scott recognized one of them and ordered him to leave.

"You have hounded this woman long enough," he said angrily. "Now you don't go down in that elevator with her. She's under a doctor's care and she shall not be annoyed any more. Why don't you take a man?"

"I am going down in this elevator," answered the detective quietly. "You try it," returned Scott, rolling up his sleeves and shaking his fist.

**DIDN'T PRESS POINT.**

At that the detective turned and edged his way through the crowd which had begun to gather and ran down four flights of stairs, reaching the street before Scott, Mrs. Manigal and the others of the party.

After the detective's retreat, Scott and the others entered the elevator entirely ignorant of the fact that two Burns men whom he did not know were with them all the time.

When they reached the street, where

**'THE KATZENJAMMER PICNIC' PROMISES TO BE 'SCREAM'**

Three of the prominent residents of Richmond who will have leading roles in "The Katzenjammer Picnic," the musical comedy at the Richmond Opera House tonight and tomorrow night.

RICHMOND, June 28.—"The Katzenjammer Picnic," a big musical comedy which the West Side Woman's Improvement Club is giving here, will receive the first of its two presentations tonight and great interest is being shown in it. The purpose of the entertainment is to raise funds for the parks and playgrounds of the city, and this fact, with the excellence of the performance promised, warrants a very substantial sum as the result of the "Picnic."

The piece, which is a musical melange, has been in active rehearsal for weeks, under the direction of Mrs. Clara Louise Payne, who came to Richmond to aid in the production of this piece, and who is well known throughout the state for that sort of work. An exceptionally good cast of prominent amateurs of the city will present the playlet, aided by a large chorus. Special pains have been taken with the costumes and scenery, and this city is promised one of the best performances of the sort it has seen.

Among those who will appear in the production are Mrs. Will Runyon, who has the role of "Tabitha Primrose," Mrs. D. C. Whitcomb, who will impersonate "Elsie Hopkins," and Cora Pope, who is one of the leaders of the girls' chorus.

**FUNERAL SERVICE OF PIONEER HELD**

Many Friends Attend Obsequies of Late Robert M. Shuey.

The funeral of the late Robert Martin Shuey, one of the pioneers of California, was held this morning at the home of his son, J. A. Shuey, 221 Carmel avenue, Piedmont, where the deceased had lived for ten years. The service was read by Rev. Orville Coats, pastor of the Tenth Avenue Baptist Church. Mrs. Clarence Shuey, to the accompaniment of Mrs. Grace Hayden, sang "Abide With Me." A tribute in the form of reminiscences of the deceased was read by Rev. Robert Hatcher, Clarence Shuey, Herbert Shuey, Robert Mann, Lester Swartz and Robert Blaisdell.

The body was borne to Mountain View Cemetery by six grandsons. They are: Robert Hatcher, Clarence Shuey, Herbert Shuey, Robert Mann, Lester Swartz and Robert Blaisdell.

Shuey, who crossed the plains in 1849, was 90 years old, and his death is attributed to his advanced age. For several years after coming to California he engaged in mining. In 1860 he settled in Fruitvale and later went to Hayward, from whence he made another move to the San Ramon valley, where he remained until 1908, when he finally settled in Oakland.

He is survived by two sons, Dr. Granville E. and J. A. Shuey, of this city, and three daughters, Mrs. Luchina C. Blaisdell of Oakland, Mrs. A. J. Foster of San Francisco and Mrs. Sarah J. Mann of San Carlos.

An automobile was waiting for Mrs. McManigal; another machine occupied by the defeated Burns men and two of his companions, with a chauffeur, was waiting to follow the car into which the woman was placed. No sooner had the motor car which Mrs. McManigal occupied started, when that used by the detectives followed, the officers being determined not to lose sight of the woman whose testimony means so much to the side which gains it.

**ATTORNEYS ISSUE PROTEST.**

Mrs. McManigal's attorneys last night issued a statement in which they declared "it is difficult to characterize in temperate language their opinion of the cruelty of the treatment accorded Mrs. McManigal this afternoon." They declared that the District Attorney's office, under the subterfuge that contempt proceedings against her were to be instituted because of her failing to testify, for an hour and a half "tortured her to such an extent of mental and bodily extremity that she finally fainted."

"We want to serve notice in this public way upon the District Attorney and his horde of private attorneys," continued the statement, "that Mrs. McManigal will not set foot again in the grand jury room to be subjected to any further indignity and torture except by direct order of the court."

**COUNTERFEITERS IN LAW'S TOILS**

Two Clever Swindlers Are Captured After Long Chase.

(Continued From Page 1)

ture of great importance, as they believe their prisoners are old hands at the game.

Captain Petersen received information almost a month ago that bogus money was being passed extensively in circulation in Oakland, and placed several of his men on the watch to investigate the case. They discovered enough to satisfy the captain and his detectives that he had located the men who were circulating the bad money. He was also certain that the money was being minted in Oakland.

With this information Captain Petersen notified the federal authorities and the head of the secret service placed Agent Thomas B. Foster and J. F. Statter on the case to unearth the "plant." It took three weeks of persistent trailing of the two men before the location of the plant was finally discovered. In this period Detectives Thomas Gallagher, James Drew and Dennis Holland of the Oakland force were detailed on the case against the United States secret service agents.

**THREE SETS OF LODGINGS.**

The difficulty of tracing the men to their counterfeit den was enhanced by the fact that the two counterfeiters had three sets of lodgings in Oakland, and the detectives were at a loss to decide as to which was the main headquarters. One of these was in Chinatown, where the men were arrested and one was in the Vincent house at Seventh and Chester streets, where the whole apparatus for making fraudulent money was discovered. The plant was in room 33 at the Vincent.

The arrests were made this morning and the apparatus brought to the city hall. It will be turned over to the federal authorities to be used as evidence in the trial.

**DRESS AS MECHANICS.**

Rush and Tilton worked quietly and had the appearance of two mechanics. They took rooms at cheap lodging houses and came and went at their leisure, the proprietors supposing them to be laborers or mechanics out of work. At night they manufactured "the queer" and during the day went forth to "shove it" or, to pass the bad coin.

It was possible for them with the small plant to make bad coins expeditiously at night without anyone knowing that anything strange was going on in the room. Many pounds of the known as "white metal" were used in the process of making the bad dollars. Small moulds of plaster of paris were enclosed in little wooden boxes. Files and polishing tools were used to finish the coins when taken from the moulds, and added chemicals for the measurement of which they had glass graduates, scales and measures, were used to give the coin the proper color.

The metal was melted in ladles over an alcohol spirit lamp and a large roll of copper wire was used to combine with the "white metal." With this apparatus considerable money was cheaply manufactured night by night and passed upon the streets during the day.

The men worked the large stores in Oakland and San Francisco to dispose of their bad coin, stores in which a large staff of clerks wait upon many customers and are forced to handle money quickly. They were during the process of making the bad dollars, the swindlers were the "paper trail," was engaged in between them and the detectives. In this time sufficient evidence was gained, it is alleged, to convict them of passing counterfeit money, but it was not until after that the plant and apparatus was discovered.

It is believed by the police that there is another cache of bad money and probably the full extent of the pair of counterfeiters somewhere in this city, but they have failed to locate it so far. That the two men worked without any other accomplices is believed by the police.

**PLAN ANOTHER RAID.**

It is probable that another raid will be made today by the secret service agents, where it is believed that other evidence will be discovered, and perhaps the cache of treasure hidden away by the two alleged swindlers. One of the places suspected as the hiding place is at Webster and Sixth street in this city.

Bush is short and dark, with shifty eyes and restless movements of his fingers and lips. The counter of his face is somewhat asymmetrical as is that of his accomplice. Tilton is thin of features with prominent nose, steady blue eye and more apparent reserve of manner. Defective teeth and a slightly malformed jaw, together with cranial asymmetry are his most salient stigmata. Both men, it is alleged, are users of drugs.

The two will be turned over to the federal authorities. It is probable they will be taken to San Francisco today.

**CALIFORNIA BIRDMAN**

**BRAVES NIAGARA MISTS**

NIAGARA FALLS, June 28.—Lincoln Beachy, the California aviator who is giving exhibitions here, today holds the record of being the first birdman to dare the Niagara. In a biplane Beachy circled the falls, swooped down beneath the arches of the upper steel bridge and skimmed down the gorge almost to the whirlpool rapids before rising to the Canadian shore, where he made a successful landing.

**ANTI-RECIPROCITY FIGHT OPENS IN THE SENATE**

Cummins of Iowa Fires First Gun for Host Arrayed Against Bill.

**QUESTIONS POSITION TAKEN BY PRESIDENT**

Attacks Combination Which Purposes to Pass Measure Unchanged.

WASHINGTON, June 28.—The fight against Canadian reciprocity in the Senate was formally opened today by Senator Cummins of Iowa, who, in presenting a number of amendments to the bill, denounced it as obviously unjust.

He protested against the "usurpation of legislative power" by the President and declared that he did not believe the President could lawfully make a proposal to Canada or receive one from that country. He declared Congress was the only power that could make the proposal for reciprocity. Senator Cummins announced that he would co-operate in any attempt to get lower duties in other tariff bills.

Senator Cummins' amendments proposed to admit free from Canada both raw and manufactured agricultural products, including fresh meats, canned meats, barley, malt, flour, iron, steel, woolen goods, cotton goods, silk and leather goods. These amendments apply only on the American side of the line.

Senator Cummins said it was apparent Republican and Democrats favoring the bill had determined to submit to the repeated statement that the President would accept no amendments to the Canadian agreement.

**COMBINATION ATTACKED.**

"I make no comment on this situation," he said, "save that it seems to me an abrogation of the duties of the Senate and an abandonment of its responsibility." Senator Cummins attacked the combination of Republicans and Democrats to pass the reciprocity bill. "It seems to be conceded," he said, "that a minority of the Republican senators, most of whom have advocated high and indefensible duties in the tariff law on manufactured products, have a majority of the Democrats who have professed adherence to the principle of a tariff for revenue only, purpose to pass this reciprocity bill without change."

**MRS. COWING NEAR DEATH ON RIVER**

Alfred Sundell Saves Life of Former Oaklander When Auto Sinks.

ALAMEDA, June 28.—Through the quick action of Alfred Sundell, Mrs. Joseph Cowling, daughter of Emil Lehnardt, of Oakland, was saved from probable sudden death or serious injury several days ago, at Walnut Grove on the Sacramento river. Mr. and Mrs. Cowling, in their runabout, were on their way to Isleton, accompanied in another machine by Mrs. Nelson Barry, a former resident of this city, and her brother Alfred Sundell.

The two machines had come to the levee, and were about to be taken onto the barge to be towed up the Sacramento river. Cowling, accompanied by his wife, drove his car onto the barge and returned to take Mrs. Barry's machine on the barge and place it behind his.

The brakes on the automobile driven by Mrs. Barry were operated in a different manner from the other and after getting the car on the barge Cowling lost control of the machine and it backed into his automobile, the force of the impact starting the auto in which Mrs. Cowling was seated off the barge and into the river.

Just before the car toppled into the water Mrs. Cowling started to jump and was caught by young Sundell who dragged her clear of the machine, and probably saved her life, as the automobile immediately sank into the depths of the river.

The automobile was later recovered by the use of a derrick.

**ACCUSES OFFICIALS OF MINING CO. OF FRAUD**

R. H. McGowan Asks Receiver for Original Amador Corporation.

**DECLARES CAPITAL STOCK HAS BEEN MANIPULATED**

Outlines Long List of Alleged Shortcomings in His Complaint.

Asking that a receiver be appointed for the Original Amador Mining Company of this city, which controls a quartz mine at Amador City and in which a large number of Oakland people are financially interested, the removal of the present board of directors and demanding an accounting from the present directors and officers of the corporation on the ground that they have fraudulently manipulated the capital stock of the concern for their personal gain and to the detriment of the minority interests, R. H. McGowan, a shareholder, instituted suit this forenoon in the superior court, through Attorney Frank Duryea of San Francisco. The complaint is specifically directed against John E. Mann, C. L. Sturm, G. W. Caldwell, Paul S. Coke, Hugh M. Coke, Mrs. M. E. Coke, Mabel Coke, A. T. Coke, V. E. Reed, W. C. Whitaker, W. F. Deane, W. C. Curran, Harold S. Ne, F. E. Blaisdell and Joseph Whitely, as co-defendants.

The complaint charges particularly that Paul S. Coke, one of the directors, has at all times since the organization of the Original Amador Mining Company, in February, 1908, dominated the board of directors and has been the self-appointed financial agent of the corporation; that he has caused the falsification of reports of the financial condition of the corporation to be issued to the stockholders; that he, in connection with W. F. Deane, manager of the mine, and Amador City, has charged up to the corporation an average of about \$8000 per month running expenses of the mine and mill and for equipment, etc.; that this average sum largely exceeds the actual amounts paid out for these expenses; and that Coke and Deane have never rendered an itemized or verified statement of these expenses to the corporation, and have misappropriated the difference between the actual expenses and the amount charged up to expenses to their own use.

**CHARGES FRAUD.**

With these preliminary allegations as the basis of his complaint, McGowan stated that he had been a director in 1908 entered into a fraudulent agreement among themselves to sell the treasury stock, and that each person selling stock at over 25 cents per share would receive from the company as many shares of the treasury stock as the overpaid turned in by him, would purchase at 25 cents a share. Pursuant to this agreement, it is said, most of the directors received certificates of stock for money turned in, for from 7000 to 15,000 shares each, but that Paul S. Coke never turned in any money at all, but at the present time, as it appears by the books of the company, owns more than 30,000 shares of the treasury stock of the corporation. The complaint further recites that in 1910 the directors of the company declared a dividend of 5 per cent on the dividend of 1909, which was paid and amounted to more than \$8000. Just about this time, it is asserted, the directors in their printed annual report to the stockholders, stated that they had received from the sale of treasury stock \$131,321.75. The payment of 5 per cent upon the investment in treasury stock shows that \$178,622.80 must have been received from the sale of treasury stock, and it is therefore alleged that the directors and officers having charge of these affairs of the company have appropriated to their own personal use the difference between the amount reported by them as received and that shown by the dividend to have been received, or \$47,341.45.

**SENATOR LEA ORDERED BACK INTO HOSPITAL**

WASHINGTON, June 28.—Senator Lea of Tennessee, who underwent the transfusion of blood in an effort to save his wife's life, has returned to the hospital to remain a few days to recuperate. He overtaxed his strength in resuming his duties, with the Lorimer investigation committee, and physicians ordered him to bed. Mrs. Lea also is said to have suffered a setback.

## QUEER DISEASE IS IN SAN FRANCISCO

Many Here Afflicted With Odd Ailment, Says Professor Munyon.

Grosser Creatures Are Very Common in This City, Finds Expert.

Many San Francisco people are afflicted with a queer disease, according to a statement yesterday by Professor M. Munyon. He made the following remarkable and rather gross statement:

"Many persons who come to my headquarters in San Francisco think they are suffering from a large tapeworm, when in reality they are the victims of an entirely different disease—that of tapeworm. These tapeworms are huge internal parasites, which locate in the upper bowels and cause a large percentage of the mischief in undigested food. They sometimes grow to a length of forty to sixty feet. One may have a tapeworm for years and never know the cause of his or her chronic ill health. Persons who are suffering from one of these creatures become nervous, weak and irritable, and tire at the least exertion. The tapeworms rob one of ambition and vitality and strength, but they are rarely fatal to the public."

"The victim of this disease is apt to believe that he is suffering from chronic stomach trouble, and doctors for years without relief. This is not the fault of the physicians he consults, for there is no absolute diagnosis that will tell positively that one is not a victim of tapeworm."

"The most common symptom of this trouble is an abnormal appetite. At times the person is ravenously hungry and cannot get enough to eat. At other times the very sight of food is loathsome. There is a gnawing, faint sensation at the pit of the stomach, and the victim has headaches, fits of dizziness and nausea. He can not sleep at night, and often thinks he is suffering from nervous prostration."

"I have a treatment which has had wonderful success in eliminating these gross creatures from the system. In the course of its regular action in aiding digestion and ridding the blood, kidneys and liver of impurities it has proven fatal to these great worms. If one has a tapeworm, this treatment will, in a few days, get it out of the system, and away, but if not, the treatment will rebuild the run-down person, who is probably suffering from stomach trouble and a general anemic condition. My doctors report that my success has been in this treatment. Fully a dozen persons have passed these worms, but they are naturally reticent about discussing them, and of course we can not violate their confidence by giving their names to the public."

It is announced that Munyon's representatives would continue giving free advice at his headquarters at the Phelan building store of the Owl Drug Company. Office hours will be from 10 in the morning to 6 at night.

## WET BLANKET FOR HULA-HULA DANCE

The Fair Women Don Turkish Towels On Shipboard and Passengers Object.

SAN FRANCISCO, June 28.—When the Watson liner, *Wilhelmina*, arrived in port yesterday morning from the tropics, and aboard the ship were hundreds of passengers, two prominent but crestfallen women of Honolulu, who were still smarting under the indignity of being rebuffed by a fire hose, turned upon them at the command of the liner's master.

According to the story, which was still going the rounds yesterday, the fair ones were having a little Hawaiian high jinks all their own in the steerage, and were occupied, which jinks they augmented with hula and tom-toms, peals of laughter and gleeful shouts. The hula-hula with impromptu costumes of Turkish towels, bracelets and Aloha wreaths.

If the entertainment had not occurred within reasonable hours, all would have been well with the Honolulu women, but it happened at a time when King Morpheus should have been reigning supreme. His subjects, however, were not so easily appeased by appearing before Captain Johnson in various stages of address with vehement threats and appeals to have the "unearthly racket" stopped.

But how? Ah, there was the rub, for the captain's bellow that the Honolulu women to "open the door" brought a louder crash of the tom-toms and an irritating tramp of the gaiters to the accompaniment of the hula-hula.

But a happy thought struck Captain Johnson. The fire hose was hastily brought into the hold and directed at the women. The laughter was turned to screams, the tom-toms and the hula-hula costumes of Turkish towels were put to good use by the vanquished revelers.

## S. P. CO. CUTS RATE TO LOS ANGELES

The Round Trip From Oakland, Including Stopover Right, Now \$10.

Competition between the boat and rail lines has brought about the greatest reduction in rail fares that the State has known. The Southern Pacific has announced a \$10 round trip rate between San Francisco and Los Angeles, to become effective on June 30. Tickets will be good for fifteen days and will include special stopover privileges at Del Monte and Monterey points, Santa Cruz and the big trees, Paso Robles and Santa Barbara.

When the Sunday school delegates were moving toward San Francisco the steamer companies cut rates from Los Angeles and the Southern Pacific met them with a \$10 fare from Los Angeles to San Francisco and return. Now that the delegates called by the Chamber of Commerce of Sacramento and six counties were represented by delegates, and a dozen others by correspondence.

The unusual feature is the stopover privilege. Under this arrangement the Sunday school delegates and visitors will be afforded the opportunity to see the State at less cost than has been possible at any previous time.

Tickets will be good on any coast line train leaving San Francisco on June 30. They will be placed on sale in San Francisco, Oakland, Berkeley and Alameda. From Los Angeles the trip may be extended to San Diego on a special \$4 excursion.

## FAVOR STATE EXHIBIT AS A UNIT AT THE FAIR

SACRAMENTO, June 28.—The Sacramento Valley went on record today in favor of having the State of California exhibit its resources and products at the Panama-Pacific Exposition.

The plan was strongly expressed at a conference of representatives of chambers of commerce, boards of trade and Board of Supervisors of nineteen of the northern counties of the State. The conference was called by the Chamber of Commerce of Sacramento and six counties were represented by delegates, and a dozen others by correspondence.

There is a certainty that when Mars returns to the city he will be given a warm welcome by the friends of aviation in Oakland and vicinity.

## RICHMOND HOTEL LOOTED OF \$200

Burglars Put Victims to Sleep by Burning Chemical or Powder.

RICHMOND, June 28.—Burglars entered the Standard hotel on Standard avenue between 1 and 5 o'clock yesterday morning and made way with about \$200 after making use of some chemical which was burned to render the victims of the holdup unconscious. These men were E. Platomachi, R. Coper, M. Roberts and L. Lewis, all employees of the Standard Oil Company.

The burglary is credited with being the most daring perpetrated in Contra Costa county for a number of years and was evidently done by some one familiar with the place. The money stolen had been placed in small canvas sacks and hidden in the clothes closets. Traces of powder burns on the floors of the rooms aroused the suspicions of the roomers when they arose coupled with the pains in their heads, and upon looking for the money it was found to have disappeared. The matter was reported to the police and later the sacks which had held the money were found in the vicinity of the Standard avenue school house. The manner chosen has struck the police as being without a parallel in the history of criminology.

## FIND MAN'S BODY FLOATING IN BAY

No Evidence of Violence or Foul Play Leads to the Theory of Suicide.

RICHMOND, June 23.—The remains of an unidentified man, apparently about sixty years old, were found floating in the bay almost directly west of the Pullman shops late yesterday afternoon. The discovery was made by E. T. Anderson, and the body brought to this city by Deputy Coroner E. E. Smallwood. The body has been in the water about ten days. There are no marks of violence to indicate foul play, and death may have been due to suicide or accident. Among the effects found on the person was a receipt from an Oakland nurseryman for 34, made out in the name of W. A. Duncan. A similar paper, from a Chinese herb doctor of Oakland, bore the name of Dale. A transfer from the Grand avenue line, in Oakland, dated June 17, made the fact evident that the body had been in the water more than ten days. The remainder of the effects consisted of a brush and comb, a pipe, a knife, a pair of cheap spectacles and \$2.50 in coin.

The man was dressed in a white striped shirt, brown hat and vest, and blue gray trousers. The body presents the appearance of a laborer, and is about five feet and eleven inches in height, weighing about two hundred pounds.

### HOOSEAR ORCHARD IS SOLD AT HAYWARD

HAYWARD, June 23.—A real estate deal of interest was consummated a few days ago when the orchard in the Van Hoosear tract, owned by Margaret P. Van Hoosear, was sold to Adolph Hansen, of Fruitvale. Hansen will build on the property this autumn and will establish a large poultry ranch.

Another piece of property on the same tract was sold to W. T. Teaman, of Berkeley, who also intends going into the chicken business.

## TOWNSHIP SEEKS STATE BOULEVARD

The Delegates From Various Exchanges to Ask Part of Appropriation.

SAN LEANDRO, June 23.—A large meeting of the civic and commercial organizations of the various Washington township cities will be held here tonight, when the boulevard association will be formed, the purpose being to get a substantial appropriation from the \$18,000,000 recently set aside by the legislature for the improvement of highways. The plan is to construct a bay shore boulevard. The San Leandro chamber of commerce, of which Mayor J. J. Gill is president, is behind the movement and is being backed by the Oakland chamber of commerce and the merchants' exchange. Delegates from both these bodies will be present tonight. Representatives from Mt. Eden, San Lorenzo, Newark, Irvington, Centerville, and other towns will attend the meeting. Improvement clubs from Alameda and Hayward are taking an interest in the project. A. A. Denison, of the Oakland chamber of commerce, will be among the speakers. The meeting is a result of the recent campaign which the San Leandro people have been carrying on for the past few months.

### REV. W. G. O'MAHONEY TO LEAVE ST. LEANDER'S CHURCH

REV. FATHER W. G. O'MAHONEY, pastor of St. Leander's Church, who leaves for San Francisco next Friday. —Arrowsmith, Photo.

SAN LEANDRO, June 23.—After thirteen years' faithful service as pastor of St. Leander's Church, in this parish, Rev. Father W. G. O'Mahoney will leave for San Francisco next Friday, where he has been appointed to St. Ann's Church. Father O'Mahoney succeeded Rev. Father McEvoy in 1898 and has steadily improved the conditions of the parish. He was ordained in 1885 at St. John's College, Waterford, Ireland. Prior to his appointment to St. Leander's he was connected with St. Mary's in Oakland. It was during Father O'Mahoney's pastorate that the 2000-pound bell was donated to St. Leander's Church by the Portuguese of the congregation.

Rev. Father Garvey, formerly of St. Alphonsus' Church, Suisun, Solano county, will succeed Father O'Mahoney. The former will deliver his first sermon next Sunday. The appointment was made by Archbishop Riordan, following a recent session of the diocesan council.

### TRINITY GUILD TO WORK RUSHED ON BUILD NEW HALL S. P. EXTENSION

Propose Building at Niles Will Be Used as Meeting House.

NILES, June 23.—The Trinity Guild of this place has decided to build a Guild hall on property owned by the organization. At a meeting of the body, presided over by Rev. Hamilton Lee, rector of the Episcopal church, the finances of the guild were shown to be in a satisfactory state. The proposed building will be used as a meeting house for the Trinity Guild and as a hall for various gatherings and entertainments. Mrs. F. A. Dew has resigned as secretary, the reason being given that she expects to leave this city shortly. It is probable that a garden party will be given by the guild very soon.

### MELROSE ACCLAIMS COUNCIL'S ACTION

Withdrawal of Opposition to Franchise On Sixteenth Street Pleases.

MELROSE, June 23.—The residents of this district and members of the Melrose Improvement Club are congratulating themselves over the outcome of the Oakland City Council meeting when President Pendleton withdrew his objection to the final granting to the Oakland Traction Company of the East Sixteenth street franchise. It was in great part due to the efforts of the Melrose Improvement Club that the franchise was finally granted. The organization had more than 200 lobbyists to plead for the property owners of the Melrose district. With the granting of the franchise it will be but a few months before the portion of the annexed district will be tapped by a ten-minute double track car service, which is what the improvement clubs of this vicinity have been agitating for in the past.

### GLEICHMANS ARRIVE AFTER TRIP TO EAST

HAYWARD, June 23.—Mr. and Mrs. "Jacie" Gleichman are home again from their Eastern trip. Besides visiting at their old home in Cleveland, Ohio, Gleichman said they visited many of the prominent cities in the East. Gleichman says that times are not as good in the East as they should be, and people cannot give any explanation as to why they are not better. Everyone seems to be busy, but money is scarce. Gleichman says that he is glad to again set foot on Hayward soil.

### The Best Treatment for Itching Scalps and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all round, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft absorbent cotton. Repeat this treatment until the whole scalp has been treated, the purpose being to get the Cuticura ointment on the scalp skin rather than on the hair. It is well to place a little covering over the hair to protect the Cuticura from being rubbed off. The next morning, shampoo with Cuticura soap and hot water. Shampoo alone may be used as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair. Notwithstanding Cuticura soap and ointment are sold everywhere, those wishing to try this treatment may do so without expense by sending to "Cuticura," Dept. H, Boston, for a free sample of Cuticura soap and ointment, with a 24-page book on the skin and hair.

## The Scheme to Defeat Reciprocity

It is not surprising that La Follette should be found blocking a vote on the reciprocity bill, nor that Bailey of Texas should be assisting him in obstructing the passage of the bill. La Follette desires to thwart the President and Bailey hopes to wreck the bill. La Follette is aided by a group of insurgent Senators, including Clapp, Bristow, Dixon, Bourne and Poindexter.

If the opposition was sincere it could be respected. But it is not sincere, and the tactics resorted to in the effort to prevent a vote being taken are anything but commendable. That fine old institution "Senatorial courtesy" is one of the utilities employed to obstruct the bill's passage. If permitted to come to a vote the bill will pass the Senate as it came from the House by a decisive majority, as at least sixty votes can be counted for it. Hence the efforts to prevent a vote being taken.

Bailey wants to load the reciprocity agreement down with the wool and farmers' free list bills, his object being to compel the President to veto all three propositions in a lump. Bailey is opposed to the wool bill as well as reciprocity, and is perfectly willing to sacrifice the farmers' free list bill if by so doing he can kill the other two.

La Follette and his insurgent coadjutors are scheming to put the President in a hole. Their desire is to make the extra session abortive in the hope of injuring Taft's Presidential prospects. Nothing would please them better than to have the reciprocity agreement go back to the President loaded down with Democratic tariff revision measures. In that case, the President would have to take the Democratic tariff program or veto the reciprocity bill.

But this sort of legislative chicanery is not going to deceive the public. The people will know where to fix the blame if reciprocity is defeated by the methods which La Follette, Bristow, Bailey & Co. are pursuing. Never before have the proceedings in Congress been under keener or more intelligent scrutiny. At no previous time in our political history have the people been less blinded by partisanship and better informed as to the motives of the men who are playing the leading parts in the legislative drama now on the boards at the national capital. President Taft has taken the country into his confidence and is compelling the malcontents to play their game in open sight. He will tolerate no concealments and no subterfuges, and it is to the credit of a group of influential Democrats in the Senate that they decline to connive at the scheme to defeat reciprocity by an indirection intended to place the President in a false position. They will not be parties to the game of peanut politics which is being played to serve the ends of the coal, iron, lumber and paper trusts; having a broader political vision and a keener sense of responsibility to the public than such adroit and acute politicians as Bailey and Simmons.

They realize that the people are behind the President in this matter, and that if public opinion be defied popular vengeance will be wreaked on the guilty parties. They are prescient enough to perceive that thwarting the President in this instance is thwarting the people; that the thwarting must be done in plain sight, and that those responsible for it will hereafter be marked men. They know that Taft cannot be made to suffer for the sins committed by his adversaries, and that their own good faith will be pawned if they do not stand squarely by the principles they profess. They cannot be recreant to reciprocity without being false to their own professions. They must be true to the President or false to themselves. As to Bailey, he is true to something altogether different.

Los Angeles is to be well supplied with newspapers. At present six daily journals—three morning and three afternoon—are printed in the Angel City. San Francisco only has five. This week E. T. Earl, proprietor of the Express, will begin publishing another morning paper to be called the Tribune. The Herald, the pioneer morning paper of Los Angeles, will retire from the morning field and will hereafter be published as an afternoon daily, in connection with the Times. General Otis foreclosed on the Herald and took over its management to prevent Mr. Earl from getting hold of it. The Herald's membership in the Associated Press will pass to the Los Angeles Examiner, which is one of the Hearst string of newspapers. However, Earl is so bent on entering the morning field in opposition to the Times that he will make a try of it despite his failure to get the Herald and the membership in the Associated Press it carried. The rivalry in the morning field will be bitter between the Times and the Earl publication, because of the personal hostility between the proprietors.

The Root amendment has been stricken from the reciprocity agreement, but La Follette and Bailey are lying in wait with a basket full more to tack on. They are friends of reciprocity in theory, but foes to it in practice.

It is to the credit of the Council that it passed, before final adjournment, the ordinance granting the Oakland Traction Company a franchise on East Sixteenth street. A railway line on East Sixteenth street is an urgent necessity for the inhabitants of the Seventh Ward. The company asked for the franchise because the people in that section of the city demanded better rapid transit facilities. Public interests, generally speaking, demand that there should be some relief from the increasing traffic congestion on East Fourteenth street. The squabble with the Key Route people over running coupled cars on Twelfth street is a matter entirely separate and distinct from the Sixteenth street franchise. To deny the franchise would have been to punish the people of East Oakland, not the Key Route Company. It would have been an act both foolish and unjust because utterly abortive. It would not have settled the Twelfth street dispute nor affected it in any way. Therefore the Council is to be congratulated on its display of common sense when urged to do a foolish and futile thing at its last session.

## Commercial Bodies Moving Wisely.

The commercial organizations of California are showing a wise spirit in acting in concert to promote trade relations between the Pacific Coast and the maritime cities of Europe and the Atlantic Coast in anticipation of the opening of the Panama canal. It is high time this matter were taken up, for the changed conditions the completion of the canal will bring about will soon be upon us. Preparations for this change should be made in advance, hence the movement which is given expression in the resolutions adopted by the Oakland Chamber of Commerce has not been inaugurated a moment too soon.

It is a movement in which every commercial body on the Pacific Coast should co-operate. When the canal opens steamship lines should be in readiness to engage in the trade through it. The dates of sailing and the points between which steamships will ply should be settled on in advance of the opening if we are to derive the benefits from the canal we expect and which the people of this coast should reap. These benefits cannot be reaped unless the commercial

## FREE WOOL

interests on this side of the continent organize and make active efforts to gain the advantages that will be offered them. They must do this work for themselves; they cannot afford to depend upon others or lie inactive and let the situation take care of itself. Each Pacific Coast city must look for its own commercial interests, and the best way to do this is to organize and co-operate in a general scheme for mutual benefit.

However, no arrangement in regard to dates and points of sailing can be made till Congress provides for a graded system of tolls to be charged ships passing through the canal. Rates of toll and conditions of transit will be large factors in determining the commercial utility of the canal after it is finished. It is essential that they should be fixed and made known in advance if the facilities for trade the canal will provide are to be immediately utilized. President Taft and Colonel Goethals have already urged upon Congress to provide the requisite authority to levy and collect tolls—a method and plan of administering the canal. This should be done at the earliest practicable date, and the commercial bodies of the Pacific Coast should unite in urging prompt action on the part of Congress. It is essential that shipowners and those intending to engage in sea traffic through the canal should know where they stand and what will be the cost of transit through the new waterway.

Steamships are not built in a day or a week, nor can the capital that must be necessarily employed in steamship enterprises be enlisted on short notice. Economy requires that ships shall be built specifically for the traffic in which they are to engage. The fixed charges for transit through the canal will in a large measure determine the size and type of the vessels to be employed. It is important therefore that these charges should be established at least a year before the canal is opened to traffic. Hence the necessity for early action on the part of Congress.

In the meantime the commercial bodies should organize and carefully canvass the situation. They should begin to cast out lines and establish connections now. They should be fully organized and prepared to co-operate in projects to utilize the canal on the largest possible scale. To protect themselves they must prevent the canal from being an instrumentality of transportation monopoly. If necessary the maritime cities of the west coast should engage in the steamship business themselves. It is futile to depend upon the government for transportation agencies. The government will not provide them. The Lord helps those who help themselves, and the commercial interests of the Pacific Coast must put their shoulders to the wheel if they would derive the benefits they anticipate the canal will bring. As a matter of fact, the canal will bring nothing. It is merely an open way, and will benefit only those who avail themselves of it.

## CONCERNING PUBLIC DOMAIN

The United States Geological Survey is pushing steadily ahead in the classification of the public lands, pricing coal lands, recommending the restoration to agricultural entry of lands found to be nominal in character, designating lands subject to enlarged homestead entry, and recommending the reservation of lands suitable for water-power sites. During the month of May, the survey appraised 2,482,659 acres of coal land, with a value of \$49,223,112, and 1,850,032 acres as noncoal land. Had these coal lands been appraised at the old minimum rate in force a few years ago (\$10 or \$20 an acre), their valuation would have been \$26,370,769; the present valuation therefore shows a difference in favor of the government of \$13,852,346. In New Mexico, Utah, and Wyoming four withdrawals were made of land supposed to be underlain by coal comprising 1,443,953 acres, while in Colorado, Montana, New Mexico, Washington and Wyoming six restorations were made of coal land comprising 3,089,845 acres. One area of 400

acres of phosphate land in Florida was withdrawn, making the total area of phosphate land withdrawn 2,548,545 acres. Three power-site withdrawals were made, covering 9346 acres; and one restoration of 160 acres, leaving a total of 1,507,433 acres withdrawn for power sites at the end of the month. Under the enlarged-homestead act 243,788 acres were designated, making a total of 190,179,595 acres designated as enterable under the provisions of this act. It is the policy of the Geological Survey in the classification of the public lands to recommend the withdrawal of such areas as may be considered necessary from the standpoint of the federal government for the protection and conservation of its mineral and water resources; to make such withdrawals as accurately as possible, on the basis of the information available; and to make further investigations and procure additional data in order to restore if possible any areas not necessary to the protection of the people's interests.—United States Geological Survey Reports.

## Twenty Years Ago Today

Louis Hardie, an Oakland boy, is deemed by Colonel Robinson not a fast enough player for the Oakland nine; and in consequence he has been released. Mr. Hardie at once secured an engagement with the Baltimore club of which George Van Halten is captain. Robinson will no doubt feel chagrined to learn that a man who is not good enough for him is sought after by one of the most powerful teams in the American Association. The wedding of Marsten Campbell and Miss Hattie Zumwalt took place last evening at the residence of the bride's mother, Mrs. R. E. Zumwalt, 1213 Jefferson street. Among the Oaklanders who are leaving today on their summer vacations are the following: Mrs. W. S. Pelouze, T. W. Sigourney, Charles G. Hardy, Dr. Alice Burritt, George E. Bandle, Miss Stella Finkelday, Miss Mabel Andrews, Miss Maud Madigan, Mr. and Mrs. C. W. Fisher, Miss Bert Wallace, Miss M. Bailey, Mrs. John Deane and two daughters, Dr. C. A. Wayland, Mrs. William King, Mrs. H. Marshall, Mr. and Mrs. Charles W. Hull, A. H. Schou, F. L. Van Denburgh and family, Miss Lucy Milton. Anna Sylva has applied for letters of administration on the estate of Frank Sylva, deceased, which consists of sixty-eight acres of land in Brooklyn township, valued at \$27,000, and other property valued at \$3000.

A jolly party of Berkeley young people left yesterday on a camping trip to Mt. Diablo. Those who went were: Miss Alice Wright, Miss Nettie Sherman, Miss Mattie Wright, Miss Jessie Walsh, Miss Alice Jones, Miss Florence Jones, Miss Nena Walsh, John Berry, Arthur Sherman, James Bay, Robert Outbiter, William Harlan, Charles Tozer, Bronson Lansten and John Howard.

The small boy may indulge in all the fireworks he wants on the glorious Fourth, for although they are prevented on other days, Section 2 recites that the ruling shall not apply on July 3, 4 and 5. Members of the California Association of Pioneers met in the Council chambers at the City Hall last evening. Present were Colonel Joseph Stewart, Major Edwin A. Sherman, Fred G. Low, Lorenzo Desco, Mrs. Fred Low, A. Sherman Jr., Ledyard Frink, George H. Fogg, Mr. Cornelia Gardiner, William T. Gibbs and Ernest Kelsey.

A jolly crowd of East Oakland girls will leave for a camping trip to Sunol tomorrow. The camp will be named "The Giddy Girls of East Oakland." Those in the party are Misses Nobman, Annie Knicks, Bertha Bastian, Della Brunes, Freda Kranks, Louise Jurgen, Bertha Schubart, Thompson, Mary Morales. They will return in two weeks.

## MONEY VALUE OF GOOD ROADS

Between half a billion and a billion dollars would be saved annually in the United States if every state would improve its main highways to the highest point of efficiency.

Calculations just made by the United States Office of Public Roads show that to affect this enormous saving throughout the country it will be necessary to improve only about twenty per cent of the roads.

There are now about 2,150,000 miles of road in the United States. Two hundred thousand miles, or about 9 per cent, are improved in some manner. To bring the number of miles up to 20 per cent it will be necessary to improve 250,000 more miles. While this task may seem stupendous it is estimated that it can be accomplished by a probable average expenditure of \$7000 a mile, or \$1,750,000,000 for a fairly complete system. Were each state to put \$4,000,000 into the improvement of its roads, the work could be accomplished in a very short time.

"A complete system of roads," said Logan Waller Page, director of the United States Office of Public Roads, in discussing the road movement that is sweeping over the country, "is an economic necessity. A few figures will illustrate the stupendous saving that could be made."

"There are, for instance, nearly half a million automobiles in the United States at the present time; their value, roughly estimated, is close to three-quarters of a billion dollars. There are, in addition, 21,040,000 horses and 4,128,000 mules, the number growing steadily despite the advent of motor vehicles. The value of the horses is about \$2,376,363,000; the value of the mules, \$500,000,000.

"Then take the pleasure vehicles. They number 907,000, with a value of \$51,500,000. Then take the wagons used for commercial purposes. They number 576,300, the total value being \$31,450,000. The wear and tear on these vehicles as a result of bad roads is nearly twenty-five per cent. A complete system of improved highways would cut this loss in half."

"The great saving in transportation of all kinds of products, including those of the mills, as well as those of the soil, would amount to many millions of dollars annually. In the case of the corn crop of the South alone, no less than \$7,200,000 would be saved in transportation despite the fact that most of the corn there is for home consumption."

"Whenever a new road is built or an old one improved the value of the nearby land rises automatically. This increase in itself is sufficient in most cases to pay for the improvement. The profit from the country from this source would be almost inestimable. In fact it is a very conservative estimate that the saving throughout the country, from all sources, as a result of the improvement of twenty per cent of the roads, would be somewhere between half a billion and a billion dollars every year. And this saving could be accomplished by an expenditure of \$2,000,000 in each state the first year and a much smaller sum each year thereafter for maintenance. The whole thing depends, of course, upon systematization and all the states working together, but it would seem that the era of road building that has begun is tending towards these results."—From the United States Office of Public Roads.

## Supporting Home Industries

Whenever a plan is suggested for the development of the town the first suggestion invariably is "Bring in more industries." It is customary to throw out all sorts of inducements for the location of factories, including exemption from taxes for a time, free sites and bonuses, and these methods have contributed so much towards building up hundreds of prosperous municipalities that their wisdom can not be questioned. Anything that will add to our desirable population, that will give employment to men who support families and thus contribute to the general welfare, is at all times desirable.

But the people who join heartily in the work of bringing in new industries, and who show the greatest enthusiasm over this feature of the public work in which all good citizens share, sometimes are the first to forget that the new industries brought in and the old ones already here require continuous support and, failing to get it, become a hindrance rather than an aid to development.

We are apt to overlook, too, the fact that the home merchant is entitled to as much consideration as the factory which we have obtained by special effort. The merchant is a necessity—even more so than the factory; for who cares to live in a community where there are no stores, or where the stores are closed and barred and the merchants have moved away, forced to other fields by lack of patronage?

The retail store, properly conducted, is an industry that should have the support of every loyal citizen. Our pride in the home town is measured by our willingness to support its merchants and its industries.

It is not necessary to build a Chinese wall around our community—to refuse to buy outside when we can do so to advantage. But the man who will send away for something that he can buy at home on as good or better terms needs education and lacks loyalty. Sometimes, unfortunately, the very one who should be least liable to this criticism, the local merchant, is given to sending abroad for things which he ought to buy from his neighbors. Then, again, there is the farmer who finds it easier to mail his order to a big city than to come to town. Often he is handicapped by bad roads and thus has a valid excuse. But he ought to be able to buy by mail from our own merchants as safely and as advantageously as from someone at a distance with whom he has no acquaintance. If he is not furnished the facilities it is time for the improvement of our merchandising methods. And he ought to have good roads that would make a trip to town a pleasure.

Much remains to be done to strengthen our local business interests. We ought to give real support to any move that will tend to keep our money at home.—American Lumberman.

## Religious Revival in Japan

Japan is shaken just now by an interesting revival of her ancient zeal for religion. Time was when it seemed as if the beliefs of old Nippon could be modernized or superseded without serious injury to the nation's life. So intent were its rulers on transforming their inheritance that the historic Japan which Lafcadio Hearn idealized threatened to pass out of sight, if not altogether out of mind. It was in the field of secular things that the tide of foreign influence was first felt, and the earliest waves of it naturally spent themselves on the big centers of population. With the Western spirit fairly established in city architecture, city costumes and city ideas, the reformers addressed themselves to the modernization of the ethnic faith, always strongly entrenched in the country districts. Buddhism soon fell from the grace of privilege; the possessions of its worshippers were secularized, its priests turned from the ruin of their temples to wander about in poverty. The action taken to dispossess the shrines that remained began about two years ago. It was the aim of the government to recover the land occupied, and have it brought under cultivation or otherwise utilized.

But the Japanese have discovered that the civilization which they embraced with such eagerness has some of the defects of its qualities. The recent archaic plots aroused them as from a dream. To a nation buttressed in loyalty, its opposites are almost inconceivable. And as religion and loyalty for the Japanese are convertible terms, the authorities have taken counsel together in the interest of national safety. Not only has the word gone forth to leave the menaced shrines undisturbed, but the ministers for home affairs and education have instructed all officials under them "to urge greater reverence for the temples and shrines, and to do what they can toward strengthening faith, not only in the native religions, but in all religions among the people." The policy of non-interference with any faith, first entered upon in 1890, is thus expanded into an encouragement of all faiths. The nation which has contributed so many surprises in peace and war now adds the spectacle of a national revival of religion promoted, if not actually led, by the Japanese state.—Boston Herald.

## POLICE CHIEF ON SPEEDERS' TRAIL

White Orders Men to Enforce Traffic Ordinance Across the Bay.

SAN FRANCISCO, June 28.—Chief of Police White has determined to enforce the traffic ordinances in order to prevent the numerous automobile accidents which have recently occurred in this city, and some of which he believes were caused by disregard of the laws of the road.

In an order to the company commanders, issued this morning, the chief calls attention to the fact that the local traffic regulations were copied from Los Angeles.

"The only difference is," said the chief, "that in Los Angeles they are enforced, whereas here they are not."

This chief quotes an instance on Saturday when a Powell street car stopped at a street crossing, a taxicab behind it sped around to the left of it, almost knocking down an aged woman passing in front. The captain of the several companies have been notified that all offenders must be arrested and punished, and that the safety of the city's pedestrians must be looked after with more care.

## YOUTHS CONFESS TO MANY CRIMES

Police Jail Trio for a Series of Burglaries in San Francisco.

SAN FRANCISCO, June 28.—Confessing to a series of crimes in the Mission district, Harold Buckley, a 14-year-old lad, was arrested by Policemen George D. Bailey last night with two companions, Charles O'Brien and Frank Dickster, the latter, he claims, being implicated with him in the several offenses.

The trio was taken into custody following the burglary of the fruit store of S. Zembell, 2156 Fifteenth street. Evidence was gained from the rear with a pass key and about \$100 in goods taken. After apprehending the boys Bailey obtained a statement from Buckley in which he admitted that he and Dickster had robbed the following stores and houses:

William Sims, 148 Sanchez street; Warren's Stationery store, 839 Fourteenth street; Adams' Stationery store, Sanchez street, and the Alhambra Apartments, Sixteenth and Valencia streets. The lads were sent to the detention home, charged with burglary.

## NEW OIL SYNDICATE INCORPORATES IN CITY

SAN FRANCISCO, June 28.—Letters of incorporation were filed yesterday with the board of directors of the newly organized Coalings Syndicate Oil Company. The letters call for a \$25,000 stock issue of a par value of \$1 a share, and the incorporators are Charles W. Slack, Chauncey S. Goodrich, John T. Pigott and Grover O'Connor of San Francisco, George R. Ray of Oakland and Ray K. Barrows of Larkspur.

## FORMER SENATOR DAVIS RIDES HORSEBACK AT 88

ELKINS, W. Va., June 28.—Former United States Senator Henry Cassaway Davis, bearing his 88 years lightly, yesterday rode horseback to the Randolph county courthouse and secured the license for the marriage of his grand daughter, Miss Katherine Davis Brown to Lieutenant Chester P. Barnett of Indianapolis, who is attached to the Third Field Artillery, U. S. A.

## NOVELISTS TO BE ON LEAGUE'S GUEST LIST

SAN FRANCISCO, June 28.—The College Equal Suffrage League will give a banquet on Friday next at 12:30 p. m. at a local cafe. The speakers will be Mrs. W. W. Douglas, president of the college league, and Miss Miriam Michaelson, the novelist. The guests of honor will be Gertrude Atherton and Geraldine Bonner.

## UTAH CITIES GO "WET"

SALT LAKE CITY, June 28.—Salt Lake City, Ogden and Park City went "wet" at yesterday's local option elections by heavy majorities. Provo and Logan are dry. The agricultural communities are generally for prohibition and the mining towns retain the saloons. The total vote in Salt Lake City is: Wet, 14,775; dry, 9,162. The total in Ogden: Wet, 4,713; dry, 3,651.

## CURE FOR ECZEMA

Discovery That Cures Eczema, Pimples and All Other Skin Diseases and Blemishes.

Hokara is recognized by the medical profession as an ideal treatment for eczema, pimples, blackheads, salt rheum, ulcers, freckles, acne, barber's itch or any other skin disease.

It contains no grease or acids, is clean, easy to use and is a true food for the skin, cleansing the pores and making the skin soft, white and beautiful.

This remarkable preparation is being sold in Oakland by Osgood Bros., at the low price of 25c for a liberal jar. Larger sizes 50c and \$1.00.

If Hokara does not give satisfaction or do all that is claimed for it, you may return the empty jar to Osgood Bros., and they will refund your money. If you have any skin trouble, you cannot spend 25c for water advantage than for a jar of Hokara.

## CUPID CUTS SHORT WORLD JAUNT OF OKLAHOMA GIRL

MISS OLIVE ADAIR, who foregoes trip around world to wed at telegraphic importuning of impatient fiance.

The round-the-world trip of Miss Olive Adair and Orville List, two young newspaper girls who have been making their way by selling newspapers in the principal cities en route, came to a sudden halt in Honolulu, when the impatient fiance of Miss Adair in Tulsa, Okla., the home of the two girls, wired for her to return home and be married.

The appeal found its way to the heart of Miss Adair. She refused to continue on the long journey around the world and started for home, leaving Miss List to finish the trip alone. The wedding probably will take place as soon as Miss Adair reaches Tulsa. Her fiance is said to be wealthy and a prominent young business man of that place.

The two girls passed through Oakland on their travels some months ago and met with remarkable success in selling copies of THE TRIBUNE. They were most cordially treated during their stay here, many of the local lodges, including the Elks, the Moose and others, affording them opportunities to sell their papers at the lodge headquarters, etc. From the Oklahoma they were granted permission to sell THE TRIBUNE in the lobby of the theater.

## TWO HELD FOR HANGING OF 13-YEAR-OLD GIRL

Oroville Couple Charged With Murder of Woman's Stepdaughter Who Is Found Dead in Garret

CHICO, Cal., June 28.—Mrs. Emma Rumble and her brother, Arthur Lewis, who now are in the Butte county jail, by gaging and binding her fast in the attic of their home near Gridley, repeated today assertions that they had no intention of killing the girl. They declare that they only desired to punish her for disobedience, but overestimated her powers of endurance.

The little girl's body was found in the garret of the Rumble home in one of the colonies near Gridley. The girl's hands had been tied behind her back. From a rafter in the ceiling of the unfinished garret was stretched a rope, a noose being drawn tightly around the girl's neck. Death had resulted from a broken neck.

SUICIDE, SHE DECLARES.

Mrs. Rumble herself claims to have discovered the body of her 13-year-old daughter, and she is the one who notified the neighbors. She declared that the child had committed suicide by hanging herself.

The neighbors who had hurried to the Rumble home at the first report of the child's death refused to believe the story of suicide. Staring them in the face was the mute evidence of the child's hands tied securely behind her back. And then, too, ugly stories of cruel mistreatment of the child by her stepmother and her step-uncle, Lewis, began to be whispered. Conflicting stories in regard to events immediately preceding the girl's death. All these things created deep suspicion and the Coroner was notified.

## JAMES C. WILLIAMSON COMES FROM AUSTRALIA

SAN FRANCISCO, June 28.—James C. Williamson, the only living charter member of the Bohemian Club of San Francisco, an actor who made his first success in the old California Theater on Bush street and who will be remembered by San Franciscans of that day from the fact that he married "Maggie Moore," a singing and dancing favorite of the gold days, arrived in San Francisco yesterday from Australia on the steamer Wilhelmina.

APPROVE CONCESSION.

CARACAS, Venezuela, June 28.—The Venezuela congress has approved the government's navigation and colonization concession. The concession gives to a native river and coast navigation company a 50-year concession for navigation of all the rivers and lakes in the republic, together with the exploitation and colonization of the entire Amazon territory.

SCANDINAVIAN SONGS TO BE ON PROGRAM

The concert to be held under the auspices of the Young Peoples' Society of the Danish Lutheran church this evening at 8 p. m. in the Hamilton auditorium, thirteenth and Jefferson streets, promises to be successful.

The program is interesting, consisting mainly of Scandinavian songs and compositions.

## W. R. JOHNSTON APPOINTED THE WESTERN MANAGER FOR POPULAR ACCESSORIES.

(By J. A. HOULIHAN.)

WILLIAM R. Johnston, formerly known as "Big Bill" Johnston two years ago, one of the leading figures in the automobile business in the west, who left the Pacific coast to accept a position as assistant to the general manager of the Stromberg Motor Devices Company of Chicago, returned to San Francisco Sunday, where he again took up his headquarters.

Johnston has been appointed Pacific coast manager for both the well known Stromberg line of carburetors and the Stromberg line of speedometers, two of the best known and leaders in their particular branches of automobile accessories.

He will start in upon his new duties very shortly.

Hazlett Pelton, who has been the Stewart speedometer representative since the establishment of a branch in San Francisco, has resigned his position with the company and is now present at least will not affiliate with any other firm.

Johnston first came west three years ago to establish a Pacific coast office for his company. He met with some immediate success and succeeded within a short time in building up a magnificent business in the west and making the Stromberg name sort of a household word in the motor car world. About eighteen months ago he was recalled by his company to assume with them a position of greater responsibility. The lure of the Golden West was such that he brought him back to California at the first opportunity presented to him.

BELIEVES WESTERNER CAN DEFEAT HARROUN.

W. D. Newerf, president of the Newerf Rubber Company of Los Angeles, and partner in the automobile car which Teddy Tetzlaff drove in part of the race at Indianapolis on Memorial day, wants to bet \$5000 that Tetzlaff can defeat Harroun if given another chance.

Newerf walked into the office of the Los Angeles newspaper the other day with the check for that amount, written out, and placed it in charge of the editor.

"The only conditions I impose are that Harroun covers my side bet of \$5000 and the race be held at the Indianapolis course on July 4," said Newerf.

"I want conditions and the length of the race will be 500 miles, to be the same as on May 30."

In common with many other Californians, Mr. Newerf, while not in any way trying to belittle the performance of Harroun at Indianapolis, is inclined to think that Tetzlaff had more than his share of hard luck on that particular day, and has implicit faith in Teddy's ability to "come back."

Details of the challenge were wired to the Marmon factory, Ray Harroun, Carl Fischer, manager of the Indianapolis speedway, and the American Automobile Association.

TAHOE ROAD WILL OPEN SOON.

Advices received from Summit station on the new state highway that runs via Emigrant Gap to Lake Tahoe, state that the snow on the summit is practically gone, but that some remodeling of the road is still needed on the mountain side. A bridge that was damaged during the winter a short way the other side of Cisco is being repaired and all indications point to the road being open in a few more days.

ONE ON WILL CRESSEY.

This is the way Will M. Cressy, author and top-liner in the varieties, ordered for his new play, "The Millionaire," which is being produced at the 11th, stating that casings taken from my car are N. G. and asking instructions as to what disposition to make of them. He said: "Now the matter with suitable ceremonies in the junk heap, erecting a modest monument over them inscribed:

"Sacred to the memory of two Hartford tires."

"Lived an exhilarating life, reaching from Boston, Mass., to Tia Juana, Mexico, and back to Boston. Total mileage, 8,000."

"Born in Worcester, Mass., on May 7, 1911, from lack of air!"

"The two inner tubes, if convalescent, send me to my hotel."

The letter was addressed to the United States Tire Company.

EFFECT OF OIL ON MAGNETS.

"The amateur automobilist and sometimes others, in an excess of zeal will, upon lifting the hood of the machine, oil everything in sight, which has a place to receive oil. Now the magnets of today require no more oil than an ordinary clock," states C. F. Splittorf, head of the Splittorf laboratories, "and a few drops of light oil applied lightly is worth more than pints scattered indiscriminately. Also in examining the motor he should look for oil upon any of the wires leading to the magnets, as there is no worse enemy of rubber than oil, which is not discernible, but after a lapse of time causes the rubber to swell and decay, thereby giving cause for a short circuit, and is one of the most annoying troubles known to the automobilist."

LONG-TIME RAILWAY MAN WILL RETIRE ON FRIDAY

CHICAGO, June 28.—John M. Whitman, vice-president in charge of construction of the Chicago Northwestern Railroad, one of the oldest and largest railroads in the country, is to retire from the service on Friday, it was announced yesterday. Whitman is 74 years of age and has been engaged in railroad engineering work continuously for 55 years, of which the last 31 years have been devoted entirely to the service of the Northwestern.

Mr. Whitman said yesterday he had no other plans, except to enjoy himself from now on.

ALASKA NOT ENDANGERED BY MONOPOLY, HE SAYS

UTICA, N. Y., June 28.—W. B. Hogsett, former governor of Alaska, who is spending the summer near here, in discussing the decision in the matter of anything to fear from the Alaska syndicate, said: "There is not now and never has been any danger to Alaska from the syndicate. It is willing to invest its money in railroad construction in Alaska in development of mines or any other of its resources. Under the railroad laws, railroad monopoly is already impossible."

## BURGULARS FALL INTO POLICE TRAP

Supposed Confederate Tells Officers of Plot to Rob Wine Cellar.

SAN FRANCISCO, June 28.—Betrayed by the man whom they had taken into their confidence, and whom they believed was their confederate in crime, William Konow and Rudolph Blum, laborers, were arrested and charged with burglary this morning for an attempt to ransack the wine cellar of the Bakers' home, 635 Clay street. The capture was made by three police officers who had been previously advised of the proposed plot, and who lay in wait for the culprits near the scene of the burglary.

Carl Desidick, porter, employed by Louis Levy, manager of the home, informed Policemen Larkin that two men had planned to rob the saloon and wine cellar with him, and that his part was to admit them by opening a trap door in the sidewalk. Summoning Officers May and G. Sullivan, Larkin posted them at convenient places and himself lay in wait for the appearance of the culprits.

Promptly at 2 a. m. the hour agreed upon, Konow and Blum appeared, the trap door was opened from the inside by Desidick with the aid of the other two policemen, and the culprits entered. However, promptly ran off and the policemen discovered Konow hidden behind some boxes with a chisel by his side. He was surprised in the act of an attempt to break into a box containing liquor and was taken into custody.

He gave the address of his companion as the Glendale House on Folsom street, near Sixth, and at 4 a. m. the policemen arrested Blum. A note, written in German, and alleged to reveal the details of the plot, is booked as evidence.

## FLEES HUSBAND, INJURED IN FALL

Mrs. Lily Peterson Rolls Downstairs While Trying to Escape.

SAN FRANCISCO, June 28.—Following a desperate fight with her husband, a lineman in the employ of the Home Telephone Company, Mrs. Lily Peterson, of 111 Trumbull street, escaped from the house with her two children, and a late hour last night with the aid of a revolver, fell headlong down the stairs in her excitement and is now at the Harbor hospital.

According to Mrs. Peterson, she and her spouse, Tony Peterson, have had some trouble, and an encounter last night convinced her that she must leave the premises. Accordingly she took a revolver out of the house, supposedly to intimidate her husband, seized her children, a girl of 6 and a boy of 8, and left.

She tripped at the head of the stairs, plunged the length of the flight and sustained a sprained ankle and other injuries which necessitated her remaining at the Harbor hospital throughout the night. This morning relatives who were communicated with at Sonoma, are expected to arrive and look out for the little family.

ANATOR BALDWIN HAS A BAD FALL

NEW YORK, June 28.—Captain Thomas S. Baldwin, the aviator, is suffering today from the after-effects of a severe shaking up due to an unusual airplane accident.

The captain started up late yesterday afternoon for a short flight at the Nassau Boulevard aerodrome without noticing that some mechanic had left a wrench on the upper plane of his machine. He had hardly left the ground when the wrench was jarred from its resting place and fell into the propeller, breaking it near the shaft. The flying board missed the aviator narrowly and tore two holes in the lower surface of the aeroplane. The machine careened and dropped to the ground. The captain suffered only from a severe shaking up.

ARBITRATION PROPOSAL FINDS BRITISH WILLING

WASHINGTON, June 28.—The answer of the British government to the American general arbitration proposal has been received and it is now certain that President Taft will be able to submit an arbitration treaty for the approval of the senate before the close of the present session of congress.

While the British reply is not conclusive, and rather in the nature of a counter-proposal, the suggested amendments do not touch the general principle of the original proposition and clearly indicate a willingness on the part of the British government to sign a treaty along the lines laid down.

A LIBERAL OFFER

Anyone Can Try Samose, the Remarkable Flesh Forming Food.

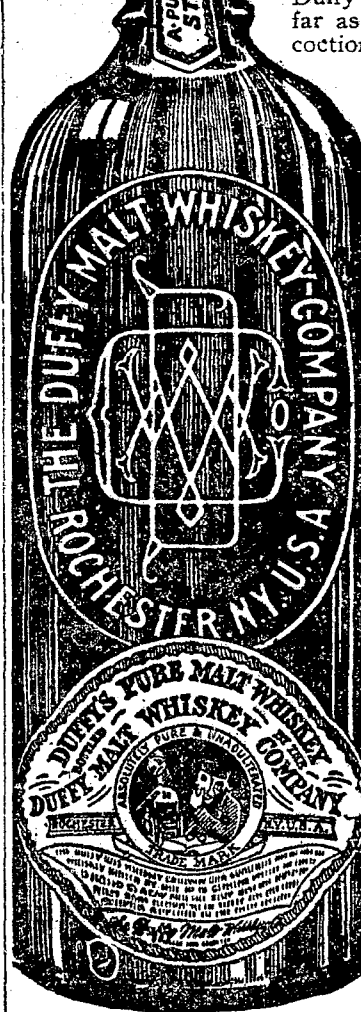

When one of the leading druggists in Oakland tells you that he has a preparation which he so thoroughly believes in that he will refund your money if it does not do all that is claimed for it, it shows that the article has unusual merits. It is in this way that Osgood Bros., Seventh and Broadway and Twelfth and Washington, are selling Samose, the remarkable flesh-forming food.

Samose is in reality a concentrated food and restores life and vitality at once to the blood. It mixes with the ordinary foods and adds digestion; it extracts from the food that you eat the flesh-forming and strength-giving elements, building up the tissues and the general health.

Anyone can get a 50-cent box of this remarkable flesh-forming food, knowing that their money will be refunded if it does not increase weight and restore the system to health.

## One True Medicinal Whiskey

Beware of imitations and substitutes unscrupulous dealers tell you are "just as good" as Duffy's Pure Malt Whiskey

Facsimile one-third regular size.

## Substitutes Are Dangerous

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessings of health into as many thousands of homes, as Duffy's Pure Malt Whiskey has, imitations are bound to arise.

## Duffy's Pure Malt Whiskey is Beneficial

It has been used for more than fifty years with remarkable results in the treatment and cure of all summer ills, throat, lung and stomach troubles and all wasting and diseased conditions. The genuine is sold in sealed bottles only. The "Old Chemist's Head" is on the label and over the cork is an engraved seal. Be certain this seal is unbroken. Sold by druggists, grocers and dealers everywhere or direct, \$1.00 a large bottle.

## DOCTORS RENEW FEUD AND FIGHT

Buckley and Clinton Batter Each Other in Lahaney Home.

SAN FRANCISCO, June 28.—The accidental meeting of Dr. C. F. Buckley and Dr. Charles A. Clinton, at the home of Joseph Lahaney, a wealthy tanner, at 302 Potrero avenue, Sunday night, opened an old feud of many years' standing, and resulted in a fist fight between the two physicians, both of whom are well known in this city through difficulties in the courts and the clubs.

Despite the fact that Mrs. Lahaney lay suffering from a serious illness in an adjoining room, the doctors fought desperately, knocking over chairs, bumping against the walls and calling each other "hoodlum" and "bully," and other names. They fought and battered each other until blood was drawn, and at the finish, Dr. Clinton, who had been called to consult with Buckley, left the house after apologizing to his inmates. Buckley remained with the patient until Dr. A. C. Clark was called.

Mrs. Lahaney's condition became so acute Monday morning that it became necessary to send her to St. Mary's hospital where a capital operation was performed.

The speakers of the evening were Judge Golden, Rabbi Nieto, Deputy Grand President Harry Newbauer, David S. Hirschberg and Lucius L. Solomon, all of San Francisco and Rabbi Friedlander and Judge Samuels of Oakland. After the close of the evening's work, refreshments were served.

Credit is due Fast President Morris Schneider, both for the number of candidates secured and the arrangement of the banquet, which was enjoyed by all. The lodge will shortly begin plans for a new home, which will include a complete gymnasium.

It is worse than useless to take any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by Osgood Bros. drug stores.

DROUGHT AND HEAT IN KANSAS ROUTED BY RAIN

TOPEKA, Kas., June 28.—The drought and heat which has caused much apprehension in Kansas for three weeks was broken at an early hour this morning by showers, which were general throughout the corn belt. There was only seven-hundredths of an inch in Topeka, but the Union Pacific reports three-quarters of an inch at Hays City and rains are reported from a dozen other places throughout western Kansas. The hot winds and blistering heat have threatened the corn crop, but up to this time it has suffered little damage.

## SMUGGLING PLOT DEVELOPS FAST

Millions in Jewels Brought in Under the Very Nose of the Customs Officials.

NEW YORK, June 27.—Developments in the vast smuggling plot which was disclosed when Collector Loeb acted in the cases of Nathan Allen and John E. Collins, the millionaires charged with failing to declare \$300,000 worth of jewels belonging to Mrs. Helen Owella Jenkins, indicate that the half has not been told. An official at the custom house said today that he believed upward of \$15,000,000 worth of dutiable goods had been smuggled into this port during the six years prior to the Loeb administration. These figures are not the result of guesswork. They are substantiated by far reaching investigation.

### GRAFTERS BECOME WEALTHY.

It appears that while the banker's operations probably were more extended than those of any other single person, he was by no means the only one who did a wholesale smuggling business. No accurate idea can be obtained of how much the inspectors made by cheating the government, but it is known that several became wealthy.

In a lengthy signed statement, telling the story of her life, Helen Owella Jenkins relates how she met, was married to and divorced from Lee Allen Dwellie, a graduate of West Point, and later met Nathan Allen, the rich old leather merchant of Kenosha, Wis., in a flirtation at the Hotel Stratford, Chicago.

She tried to run away with him, but could not escape his persistent daily attentions, she says, and, therefore, soon accepted them as a matter of course. "What else could poor little me do?" she asks plaintively.

### EUCCHARISTIC CONGRESS ATTACKS PORTUGUESE

MADRID, June 28.—The second general assembly of the Eucharistic congress was held yesterday in the church of San Francisco. The Bishop of Beja caused a sensation in a speech attacking the "Masonic government of Portugal." He expressed the hope that the monarchy would be restored.

A telegram from Cardinal Merry del Val, papal secretary, expressed the satisfaction of the pope at the splendid inauguration of the congress.

### THROWN FROM WINDOW.

STOCKTON, June 28.—Peter Mendez and two women are in custody suspected of complicity in throwing Fred Miller, a cook, from a second-story window of the Palm lodging house, in Cedar street, between Main and Weber. Miller is badly injured, and is still unconscious.

## \$25,000,000 OVER IN U. S. TREASURY

Surplus at End of the Fiscal Year the Greatest Since 1907.

WASHINGTON, June 28.—The United States treasury will have a surplus of approximately \$25,000,000 when the fiscal year of 1911 ends Saturday. The fiscal year of 1910 closed with a surplus of \$15,000,000. This year's showing will be the best since 1907, when a surplus seldom equaled—\$111,000,000—was shown. Both 1908 and 1909 showed deficits of \$20,000,000 and \$58,000,000, respectively.

Treasury officials believe final figures will show the government in the year just closing has received more than it estimated, and spent just a little less than it planned.

\$687,000,000 TOTAL.

Total receipts from all sources are expected to approximate \$687,000,000. They were estimated at \$678,000,000. Total expenditures, not including the Panama canal, will be about \$660,000,000. The treasury expected to spend \$662,000,000.

### RICH TANNER BALKED AT GOING TO JAIL

REDWOOD CITY, June 28.—Herman E. Poesch, a wealthy tanner of San Francisco, was badly scared yesterday when sentenced by Justice of the Peace H. W. Lamplugh for speeding in his automobile. He was arrested by a motorcycle officer near San Carlos.

The defendant understood the court to say that the punishment was a fine of \$10 and five days in jail.

"Judge, this is my first offense," said the tanner, "and you are too severe on me."

"Ten dollars is a light fine, and so is five days in jail," explained the jurist.

By this time the defendant was highly excited. "Judge, please don't send me to jail," he muttered.

"I won't send you to jail, if the \$10 is paid," said the judge. Realizing that Poesch had misinterpreted the sentence, the court explained what the penalty actually was.

Poesch then smiled. "That's easy, judge," he exclaimed, as he paid his fine.

### BLIND SINCE CHILDHOOD, COUPLE ARE TO MARRY

FRESNO, June 28.—Behind the marriage license issued to Ernest L. Morris, a well-known local blind piano tuner, and Effie M. Sullivan, of Iowa, also blind, is an unusual romance.

Although both have known each other from childhood neither has seen the other, for they have been blind ever since they were little tots. The spirit of love was lighted in the Iowa State Asylum for the blind when Morris, now 29 years of age, was ten years old and his bride-to-be, now 35, was sixteen.

They learned to read and write in that institution and have ever since kept up a correspondence. Recently Morris asked the girl to join him in California and she consented.

## AMBASSADOR HILL IS COMPLIMENTED

German Emperor Expresses Regret at His Retirement From Berlin Post.

KIEL, June 28.—Emperor William, during a dinner of the Imperial Yacht Club, with Henry Howard of Boston, chairman of the German-American Sonder race committee, took occasion to pay high compliment to Dr. David Jayne Hill, the retiring American ambassador, one of the government's most accomplished diplomats as Dr. Hill, at the end of a short service in Berlin, as particularly regrettable.

## ELEVEN HOUSES FALL INTO BAY

Government Dredger Undermines Bank at San Pedro; Disaster Follows.

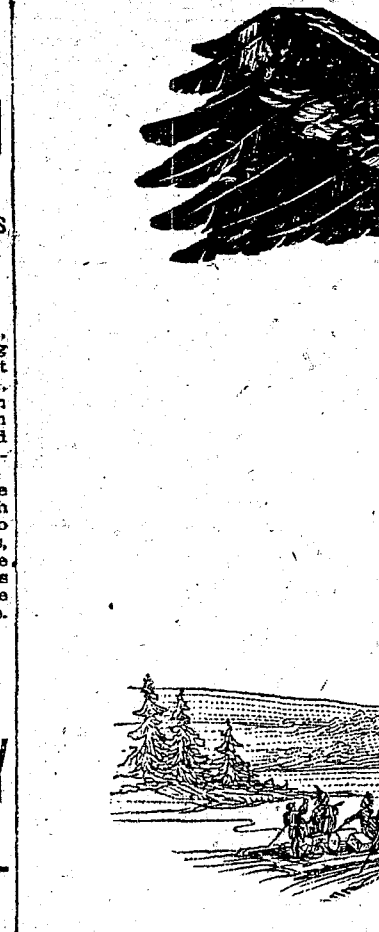

SAN PEDRO, June 28.—Eleven houses in San Pedro toppled into the harbor last night, and another building, a large apartment house, is momentarily in danger of doing the same thing. Through the operation of the government dredger in sucking away the silt from the bank, the foundations under the houses became weakened, and all of the inhabitants moved out of the area.

### FRESNO PASTOR QUILTS CHURCH DURING STORM

FRESNO, June 28.—Progressives and reactionaries in the First Christian Church of this city have brought about a conflict within this church, which has resulted in the resignation of Rev. Ray O. Miller, the pastor. The resignation, which was submitted to the board of directors several days ago, but kept secret, was accepted at a meeting of the board last night, after a rather stormy session.

### URGES OFFICERS TO RUN DOWN BROTHER'S SLAYER

VANCOUVER, Wash., June 28.—A telegram was received from T. W. Barnhydt of Pasadena, Cal., yesterday urging the authorities to spare no expense in their efforts to apprehend the slayer of his brother, Edward Barnhydt, whose dead body was found Sunday on Bell's mountain. Barnhydt is said to be wealthy and to have formerly been president of the Burlington & Northwestern Railroad company at Burlington, Ia. No clew to the whereabouts of Charles W. Hammond, the dead man's hired man, has been found.

## HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

**EDWARD** Babson Standwood will claim Miss Cornelia McKinnis as his bride tonight at a home wedding in San Francisco. Miss McKinnis has a host of friends here, many of whom will cross the bay for the ceremony. As a graduate of the University of California and actively identified with college alumnae work, as well as prominently identified with the suffrage movement, Miss McKinnis is well known in social and club circles on both sides of the bay. Rev. Ernest H. Benson of St. John's Episcopal church will read the wedding service in the presence of more than 100 friends.

The only bridal attendant will be Miss Lila McKinnis, while Harry T. Carden will attend the bridegroom. After a honeymoon the couple will go to Marysville, where they will make their future home, and where Standwood is a practicing attorney.

## ENGAGEMENT OF WIDE INTEREST.

Oaklanders are very much interested in the announcement of the betrothal of Miss Dorothy MacPherson to Lawrence Clayton Edwards, which took place in Los Angeles, June 17. Miss MacPherson and her father, Frederick MacPherson, formerly resided in this city, and has many friends among the local smart set. She is a former student of Stanford University and a member of the Alpha Phi sorority. Edwards is engaged in business in the southern city, where he and his bride will make their home.

## GRANDMOTHER'S BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved With a Harmless Remedy Made From Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing, in addition to a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy. The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

MRS. TALBOT C. WALKER, whose brilliant wedding last night was an event in the social world.

The wedding of Mrs. Edwards' brother, William MacPherson, and Miss Alice Leggett of Oroville will be an event of next month.

## TO GO TO PLEASANTON.

Miss Gladys Newbell will return Friday from a three weeks' visit with friends in Brookdale, and will enjoy the month of July with her parents, Mr. and Mrs. Louis Newbell, at their bungalow in Pleasanton.

## PICTURESQUE WEDDING YESTERDAY.

The wedding of Miss Edith Rickley and Herbert L. Breed at high noon yesterday had Plymouth Congregational church as its setting. The bride was decked in pink roses with trailing vines, huckleberry, and palms. More than 200 guests witnessed the ceremony, which was followed by a wedding breakfast at the home of the bride's father, John W. Rickley, on Merrimac street. Only the members of the two families were present at the breakfast.

The only bridal attendant, Miss Annie Dale Biddle, wore a gown of shell pink satin, edged with lace trimmings. She carried a shower bouquet of Cecil Bruner roses. The bride was crowned in hand-embroidered marquisette, made over white satin. She wore a veil of white tulle, caught with a wreath of orange blossoms and carried a shower bouquet of lilacs of the valley.

Breed and his bride left this afternoon on their honeymoon, and will be away about a month. Upon their return they will take possession of their own home on Santa Clara ave. Breed is past high priest of Oakland Chapter Royal Arch Masons, and is at present junior warden of the Oakland Commandery of Knights Templar. Cox is a prominent member of the News Writers' Association of this city and has many friends here.

## QUIET WEDDING THIS EVENING.

Miss Anna Martin and William S. Cox will be married this evening at the home of the bride on Twenty-eighth street by Rev. E. R. Rich. After a honeymoon in the south, the couple will live in this city. The bride is a very attractive girl. Cox is a prominent member of the News Writers' Association of this city and has many friends here.

## QUIET WEDDING YESTERDAY.

Miss Gertrude McMillan, daughter of Mr. and Mrs. Anthony McMillan, of this city, was married yesterday to Henry Dakin. The ceremony took place at the Hotel St. Francis, the Rev. William Kirk Guthrie solemnizing the rite in the presence of the relatives. Mr. Dakin is from San Luis Obispo county. The McMillan family is well known in Oakland.

## SUMMER PLANS.

Mr. and Mrs. Thomas Watson Cushing, who have returned from a motor

trip through Monterey, will leave on Friday with Miss Carmen Ghirardelli for Santa Cruz. Later Miss Ghirardelli will go to Yosemite as the guest of Miss Aimee Jorgensen.

## KEENEY-WALKER ELABORATE WEDDINGS.

The Keeney-Walker nuptials last night was a brilliant event in San Francisco society, guests coming from this city, Burlingame and San Rafael and San Mateo. The bride is the daughter of Dr. and Mrs. Keeney and granddaughter of the late Mrs. O. C. Pratt.

The groom is the son of Mr. and Mrs. Cyrus Walker and grandson of the late Mr. and Mrs. William Talbot. He is a nephew of Mrs. Ira Pierce and a cousin of Henry Foster Dutton and Mrs. Earle Brownell.

The ceremony was held in the American beauty roses and red and pink ramblers, with trailing rose vines. The elaborate gowns of the bride and groom were in shades of pink, while the beautiful bride wore a gown of white satin, trimmed in old-fashioned flounces of point lace, over which fell the long folds of the wedding veil.

Archbishop Riordan read the impressive ceremony of the Catholic Church before an altar of white lilies under a canopy of roses before two hundred and fifty members of fashionable society.

## WEDDED MONDAY NIGHT.

The wedding of Miss Rita Seaman Johns and Ernest W. Lehnier was solemnized on Monday evening at the home of the bride's parents, Mr. and Mrs. A. T. Johns, Hearst avenue, Berkeley. Guests were present from both sides of the bay. The marriage was performed by the Rev. Willie Martin, of Alameda, which city was formerly the bride's home, she being a graduate of the Alameda high school, and well known in Alameda and the college town, where she has made her home for the past two years. After the ceremony Mr. and Mrs. Lehnier left for a honeymoon trip of several weeks. On their return they will make their residence in Oakland, where a handsomely appointed home is awaiting them.

## WIFE OF WESTERN UNION MAN DIES IN DENVER

DENVER, Colo., June 28.—Mrs. Lotte W. Allen, district traffic superintendent of the Western Union Telegraph company, died here of tuberculosis at 12:30 o'clock this morning. In 1907 Mr. Allen came to Denver from New York city, where he was chief operator of the Associated Press, in the hope that the change in climate would benefit his wife. For some time she here recovered, but three months ago she became worse and since that time she has been confined to her bed.

## WEDS SAN DIEGO BELLE.

SAN DIEGO, June 28.—The marriage of George Neubauer, prominent in San Francisco business circles, to Miss Selma Levi took place in the Jewish synagogue here last night.

## WOMEN IN THE NEWS

## ALAS! 'ACTIVE KISS' THIS GOTHAMITE NEVER GOT

Gambler Declares That Wife's Embraces Were Imported From North Pole.

NEW YORK, June 28.—Edward V. Gambler, the kissless bridegroom, who is being sued for separation by his pretty wife, on the witness stand completed the tale of his unhappiness.

Harvey C. Stickler, the wealthy oil magnate and associate of J. P. Morgan in the fertilizer trust, to whose apartments Mrs. Gambler, according to the testimony, was driven in Stickler's red automobile, was in court and listened attentively to Gambler's recital.

He testified that his wife gave him what he termed "a barrel hoop hug," which is a hug of the most Arctic kind. "She touched the tips of her ten fingers together as she put her arms around me," he said. "She held the tips of her fingers together for the fraction of a moment and then withdrew them. Her arms might as well have been barrel hoops."

"Did she ever bestow an Arctic kiss upon you?" asked Martin W. Littleton, Gambler's counsel.

"Never. I frequently kissed her, but she always drew away from me when I did. The active kiss—full and responsive—I never had from her."

## Guilty of Forgery

LOS ANGELES, June 28.—Mrs. Lillian Fayton Flynn, arrested nearly five months ago on charges of forging deeds to property worth \$30,000, was found guilty by a jury in the Superior Court in twenty minutes yesterday. Her attorneys announced that they would file a motion for a new trial and sentence was not pronounced.

Mrs. Flynn, when first taken into custody, posed as a single woman, giving the name of Lillian Fayton and surrounded her past with mystery. Later it was learned that she had been living with her husband in Pasadena, and was the mother of three small children. Flynn, with the children, was taken from a train at Denver while going to the East. He was allowed considerable freedom within the jail there to care for the children and make his escape.

His wife received a letter from him telling her that he had gone to Mexico to join the insurgents. His desertion, combined with her longing for her little ones, caused her to break down and confess to the forgery, claiming that her husband had forced her to commit the crime. The children were brought here and are being cared for by a charitable institution.

## Wanted to Please Bride

SACRAMENTO, June 28.—Relying on well-to-do parents to send him a large sum of money, Wilson Root, formerly of San Francisco, got into trouble by making large purchases with checks, though his bank account was small, in order to please his bride of two weeks.

Root's last purchase for his young wife was a \$16 hat. The check was turned down for lack of funds and Root's arrest followed. He had then but \$250 in the bank and drew checks for over \$300.

Root made out his checks just large enough to pay his bills, not attempting to raise ready money by getting change in cash. The certainty of detection, if his intention was to swindle, coincides with the fact that Root really counted on the backing of his folks. A telegraph message has been sent to them. He is, however, still in jail.

## Auto Kills Woman

LOS ANGELES, June 28.—Mrs. Mildred Scott, 23 years old, died at the receiving hospital yesterday shortly after she had been run down by an automobile driven by Ed Gilman, Jr., of South Pasadena. The accident occurred while she was crossing a street near her home. Gilman and his father, R. H. Gilman, Sr., who was with him in the car, were charged with the crime. The police charged the injured woman to the police station, but both were released on their own recognizance after being detained a short time. Mrs. Scott's skull was fractured and all her ribs were broken. Her husband, Frank Scott, is a driver for a local transfer company.

## Teacher Reinstated

REDWOOD CITY, June 28.—The board of school trustees has heeded the demands of the Women's Club and reinstated Miss Margaret Roche as a teacher of the local grammar school. Recently four teachers were officially declared to have given evidence against Marvin L. Benson, former principal of the Redwood Grammar school, who was forced to resign after charges of ungentlemanly conduct were filed against him. Littlejohn and Henry Steinberger are personal friends of Benson, and it is charged by the Women's Club that this is the sole reason of their hostility to the four teachers.

## Women Make Flight

GARDEN CITY, L. I., June 28.—Miss Harriet Quimby and Miss Blanche Scott made flights in their biplane here today. They are the first women aviators in this country to fly a monoplane. They rose fifty feet, circled the field twice and landed.

## Nordica to Sing Here

NEW YORK, June 28.—Mme. Lillian Nordica, who has been singing in Berlin and Paris, arrived last evening on the Kronprinz Wilm, and was met at the pier by her husband, George W. Young, who took her to her summer home in Deal Beach. She said that she will begin singing in concert in September, winding up her engagement on the Pacific coast.

In February she will appear in Henry Russell's new opera, "The Blue Forest," in Boston, in which Mme. Nordica, whom Nordica describes as "a perfectly wonderful and lovely young singer," will also take part. Mme. Nordica said that she had heard Jean de Reszke sing in Paris in "Romeo and Juliet," and that he seemed to her "really marvelous."

## Temperature of Marriage Was Zero

NEW YORK.—The marriage of Miss Edith Russell of Atlanta, Ga., to Edward Victor Gambler, cashier of the Merchants Exchange Bank of this city, which took place about a year ago, could hardly be called the mating of May and December. Rather it might be described as the wedding of June and October.

Both are now appearing in the Supreme Court before Justice Pendergast expressing their complete dissatisfaction regarding the marriage. Mrs. Gambler indicated in her testimony yesterday that in marrying she had anticipated love, Byronicism, tempestuous and sentimental; love crowded with sweet sighs and lingering kisses and soft-breathed, beautiful words of passion. Her declarations on the witness stand hint that a half-shell oyster resting on a bank of cracked ice would be as warm as her husband's heart in so far as outward manifestations ever went between them.

Gambler, on the other hand, asserts that she married him only for his money; never really loved him and therefore became his wife by fraud. She wants a separation; he wants the marriage annulled.

TELLS OF HIS COLDNESS.

With many a fletching twist of her lips and half-miling glance, young Mrs. Gambler told her side of the alleged romance. Once she declared of her wealthy, middle-aged spouse: "He treated me as he might have treated a stone. His kisses were very few and birdlike; his embraces rarer than his kisses and even more meaningless. Our marriage was never really a marriage. I told him once that if he had shown himself to be half a man and not an old woman we would not have had any trouble."

They had toured American resorts and gone all over Europe on their honeymoon, she said, but the honeymoon was kissless and cold as the sky-moon staring on an Arctic desert.

She told her story under the legal guidance of former Justice Augustus Van Wyck and had later to withstand the cross-examination of the zealous Congressman Martin W. Littleton.

Mrs. Gambler said she had come from her Atlanta home in 1904 to study art and had a studio in Sixty-eighth street. She made the acquaintance of Gambler and was his guest many, many times at theaters, restaurants and on motor rides.

"Why did you begin that suit against your husband?" asked Judge Van Wyck.

"Well, after our wedding in 1910 we went to Philadelphia, visited Atlantic City, and then went to Mr. Gambler's apartments at No. 101 East Seventy-eighth street. Three days later we were on our way to Europe and visited Paris, The Hague, Oberammergau, Berlin, Munich and Vienna. As I have explained, our relations had become strained because of his queer coldness, and on our return to New York he left me at the Prince George Hotel and I shortly afterward got a note saying that he desired a separation from me and stating also that I had agreed to a separation."

"ASTOUNDED" BY HIS LETTER.

Her reply was then read. It was as follows: "The contents of your letter are most astounding. Your statement that I agreed to a separation is absolutely without foundation. I have always been ready to perform all the duties of a wife and am still ready to do so. I insist upon an immediate reply to this."

She says she never got it, but that her husband wrote another letter in which he said: "As you have entered into matrimony without any idea of its fulfillment, I consider the marriage as never having taken place."

VALUE OF GOOD TEACHING.

PITTSBURG, June 28.—President H. N. Talbot of the University of Illinois and President of the Society for the Promotion of Engineering Education, in his address to the nineteenth annual convention emphasized the value of good teaching. Among the prominent educators in attendance was Professor S. L. Charters, Jr., of Leland Stanford University.

## OAKLAND'S BOYS AND GIRLS

## GARFIELD PUPILS TO CELEBRATE FOURTH

The plans are maturing for a grand Fourth of July celebration at Twenty-third avenue. The Garfield School Mothers' Club, with the assistance of the Playground Commission, conceived the idea of giving home-loving folks and the children of the neighborhood a safe and sane fourth that they would remember. The idea has become so popular that, with the help of the Twenty-third Avenue Improvement Club and the merchants of the district, the celebration promises to be a grand success.

The day's program will begin with a parade, in which a goddess of liberty, Uncle Sam, Martha and George Washington, the school children representing the states of the union, the decorated business floats, automobiles, bicycles, express wagons and horribles will all have a part.

The Durant school band, the best school band in Oakland, under the able directorship of Mr. Smith, will furnish music for the day. Grant D. Miller will be master of ceremonies. Mr. R. C. Vose will be grand marshal. Following the parade appropriate exercises will be held in the Garfield school grounds, the program will be given entirely by young people. Mr. Mervyn Carlson, valedictorian of the Fremont high school class of 1911, will give the invocation of the day. Other numbers of the program will be: Flag raising. "Star-Spangled Banner," Durant school band. "Drake's address to the Flag," Frank M. Smith, Jr. "America," band and audience. "Hail Columbia, Happy Land," Bess and Bill Helder. Reading Declaration of Independence, Miss Marjorie Miller. Song, "My Own United States," Mr. Will Mohr.

Patriotic airs, Durant school band. After the program a picnic lunch will be enjoyed, the tables to be arranged under the trees for the comfort of the guests. Booths will be convenient where

quite as good, if not better, than he had been in his younger days.

## Loses Necklace

LONDON, June 28.—A woman whose identity has not been disclosed, lost a necklace of pearls, valued at \$75,000, at the gala performance at Covent Garden. She has offered a reward of \$3500. It appears that the necklace was lost inside of the opera house.

## PRETTY NEW YORK HEIRESS BRIDE OF RIDING TEACHER

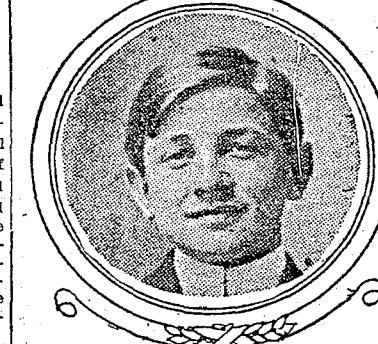

MISS VARVARA I. PUPIN, daughter of a prominent inventor scientist, who, last week eloped to Hoboken with Hugh Willoughby, her riding teacher.

NEW YORK, June 28.—Two years ago Varvara I. Pupin, the beautiful daughter of Professor Pupin of Columbia University, was introduced to society at a ball at Sherry's. She was then 19. Very recently Miss Pupin became 21 and took possession of a large fortune which came to her by inheritance. Some time previous to this she had been taking riding lessons from Hugh Willoughby, a handsome Kentuckian connected with a sales stable in New York. On June 16, she went to Hoboken and married Willoughby before a justice of the peace. It is understood that her father did not approve of the match.

Professor Pupin is well known in scientific circles as the inventor of a system of long distance telephoning which is expected to make telephoning across the ocean possible.

## GRITTY OAKS PLAY GREAT BALL AND LEAD LEAGUE

Come From Behind Spirit Prevails and Wolverton's Scrappy Bunch Work Themselves Into First Place

By BERT LOWRY.

The top of the heap for us. After a game, hard fight fraught with all kinds of obstacles Oakland has succeeded in passing four of the clubs of the Coast League, among them the formidable Seals and the equally formidable Beavers, and today they are resting in first place. Yesterday afternoon battling against Raleigh, the handy southpaw of the Hoolligans, and the rest of the team that has heretofore been the jinx, not to say anything of the 4000 rooters on the lot over at Recreation Park, Oakland overcame a two-run lead and nosed out the Hogan outfit by the score of 8 to 4.

Some of the dead-in-the-wool over the bay fans who like everything on earth but the Oaks called it luck, but the fair minded fans is going to do it his topper to the Wolverines and say "Well have you earned your laurels?"

"I'm here, Cap, a thousand ways. Just you fellows get behind me like you can do and I'll bring home the bacon."

That's the answer almost in a nut shell. Game Tyler hurried and the team behind him played a determined, fighting game of ball all the time. Even when Happy's gang gathered three hits in the second inning before a man was out the dauber didn't go down nor did any of the Wolverines show the least feather when Happy sent two runs scurrying over the rubber in the third inning. Nix. Everybody took an extra hitch in their trousers, spat on his hands and gave the signal "right at 'em."

Inning one went by quickly, for Tyler hurried but six balls to retire the side, while Oakland went out in just as fast time. The second saw Hap's gang get three singles, the first three men up doing the trick. They saw Tyler and his team mates tighten up and put the crusher on the Hoolligan bunch.

VERNON LANDS TWO RUNS.

In the third inning Hap's gang gathered a couple and delight in the air, except among the few fans who were faithful to the Wolverines. Kane started the trouble and he worked the Texan for a ticket to first. Off to second he tore and would have been out there but for the fact that Tyler, for he named Patterson and Brashear, but Stinson beat out an infield hit and Kane, who had stolen third, beat it to the rubber.

Hop, with a horseshoe on the end of his bat, poled one to Zacher and Elmer misjudged it, allowing the hit to go for three bases and "heavy foot" to break into the run.

Maybe Happy didn't get chesty then and maybe he didn't make the air ring with that slogan of his, "Everyone a champion." And maybe the Oaks didn't have a man go half way back and sit himself down in the half of the fourth by tying it up in a knot.

Monte Phyl opened the fourth with a liner into centerfield and went right to second when Hoffman beaned the ball right for safety. Manager was a wee bit weak and fanned, but the two men on the bases took a chance and upset Brown, who worked in a passed ball. Cutsaw gave Farrell a hard chance and was out, but Monte tallied.

ZACHER GETS TWO-BAGGER.

THE HUSTLER.

and sorry for that fly he misjudged and the dim dandy to be laced over Carlisle's head tallied his team mate.

Back came Vernon with a tally in the fifth and Happy walked to the line as cheery as before and with more yells about them all being champs. Well and woe was his when the Oaks had finished their half of the fifth for then and there they put it away for keeps and kept it there.

Wares singled and stole second. Mitze fanned and Christian's sacrifice put Clyde at third. Phyl, who has evidently found the gauge of the south paws, drove a single to right and Clyde was over.

In the sixth Wolverton got around to the plate and in the eighth he also performed the trick. Previous to this, Hoffman brought more gloom to Happy by polling the ball out of the lot for a four-cushion shot.

All told, it was eight for us. As Burrall tallied in the eighth for the Hoolligans, the first three men up doing the trick. They saw Tyler and his team mates tighten up and put the crusher on the Hoolligan bunch.

### HAVE A LOOK, THEN HAVE ANOTHER

Clubs	Won	Lost	Pct.
Oakland	49	41	.544
San Francisco	48	41	.539
Portland	44	38	.537
Vernon	44	44	.500
Sacramento	41	44	.482
Los Angeles	33	53	.398

YESTERDAY'S RESULTS.  
Oakland 8, Vernon 4.  
Sacramento 4, Portland 3.  
Twelve innings.

Hildebrand was in heaps of trouble nearly all the time and some of the fans grabbed long and loud over his play. It looked as if Stinson was out a foot in that third inning but at the time the umpire was right on top of the play and could see better than the rest of us.

Teddy, the noisy fan who delights in battling the ball players with language, got into an argument with a rival from our town during the game and the umpire had to intervene. The fans applauded the copper when he put the gag on the noisy bug and then wondered why the gag wasn't used on Teddy too.

Jumbo Ables began to tell the umpire that he thought of him in the third inning and Mr. Hildebrand chased Mr. Ables off the lot. Harry meandered slowly over the field muttering to himself and soon disappeared in the clubhouse.

Carlisle gave the fans a thrill in the second inning with the bases open by whacking the ball out of the lot. It happened to be foul so no damage was done but for a few moments it looked as if the ball would ring four times, then and there.

Hoffman whanged one out of the lot in the second inning on a line but it went foul by a few feet. In the seventh though, he caught one-right and this one went over the big political sign far.

Zacher made a bad play on Hap's drive to center in the third inning, mis-

judging the pellet badly. Then he came back and combed out a double with a man on the bases and later on made a star throw to Wares that caught Kane leaping into third base on Brashear's double to center.

Phyl and Hoffman were the hitting kids of the Oaks, the former with two that helped score runs and the latter with three. And still there are some fans that write us letters to tell us that Maggart and Zacher are the only two hitters on the Oakland pay roll.

Already the Oaks are beginning to show Brown and the Hoolligans that they can't steal bases. Yesterday four of them performed the trick while but one Hoolligan landed a base by the S. B. route.

Patterson faced Christian five times. Twice he combed the ball safely and three times he fanned and when he fanned it was when a hit would have done a whole lot of damage.

Cutsaw and Wolverton were the only Oaks that failed to gather a bingle, but both were in the game all the time, so we'll overlook that.

McDonnell went in to bat for Raleigh in the eighth but did nothing worth mentioning. Stanfield then took Raleigh's place on the hill and lost two men. He walked the first and hit the second. Glpe then went to the rescue but didn't do anything to get game and glory.

San Francisco played great ball until the twelfth inning yesterday and then fozzled the game away, at least Claude Berry did with a bum heave to first that let the winning run over the pan.

Patsy O'Rourke made good on his boast that he would trim the Beavers by taking a good game. He did it. Charley Baum did the trick and it might be added that Charley is some pitcher right now.

More troubles for Cal Ewing. Catcher Schmidt split his finger in the eleventh inning of the southern game yesterday.

Kane and Patterson fanned in the final inning and when Brashear popped out to Wares the game was over. The game of the heap.

Tomorrow the battle will be fought on this side of the bay at Recreation Park. The first amateur game of the season, with Ables and Hilt on the firing line according to the dope handed out this morning.

STOCKTON ATHLETIC CLUB ARRANGES A CLASSY CARD

STOCKTON, June 28.—The Gateway City Athletic Club has a fine card for its members for Friday night. There will be a game of football between the Chicago and Frank Delaney of New York will be the stars. They will weigh in at 118 and box six rounds. The first amateur game of the season, with Ables and Hilt on the firing line according to the dope handed out this morning.

EVANS SHOWS SPEED ON THE GOLF LINKS

SANDWICH, Eng., June 28.—In the second round of play for the open golf championship today Charles Evans Jr. of Chicago went around the course in 78, making an aggregate score of 156. The first amateur game of the season, with Ables and Hilt on the firing line according to the dope handed out this morning.

YALE TO CHANGE COACHING.

NEW HAVEN, Conn., June 28.—A change in coaching methods for the Yale baseball team is expected to be put in operation this coming spring. The losing of the last four games of the season, when Yale was looking upon as having one of the best teams in several years, made a disastrous ending and may possibly do away with professional coaching. The election of Third Baseman Richard Morrill is expected.

WHITNEY TAKES ANOTHER.

NEWARK, N. J., June 28.—The race for the maiden 2-year-old selling plate of 200 sovereigns, distance five furlongs, run here yesterday was won by H. P. Whitney's Turnover. The mare colt was second and March Wind third.

(Con. from Preceding Page)

me it would seem that Welsh has the inside track and the best chance to land.

When D. M. De Long of Coalinga first offered Frank Klaus, the Pittsburgh middleweight, a match with "Vic" Hansen at his home town, the easterner was not inclined to accept it. Klaus has been told many wild west stories of California and he was not at all inclined to favor a trip to the west. He was, however, pointed out to him the bad men of California held forth and every mother's son carried a six-shooter.

After considerable argument on the part of De Long, accompanied by personal guarantees of purse-money, the Pittsburgher accepted the match and with his manager, George Engel, and sparring partner, Frank Madole, made ready for the job.

### KLAUS MEETS MANY FRIENDS.

Upon arrival there you can imagine the surprise in store for the middleweight champion when he started to meet his friend from the Pennsylvania oil fields. It appears that many of the men of the Coalinga oil fields are "Pennsylvania Dutch" and this is just exactly what Frank Klaus is, and not only is he among his friends but he is a very strong for him.

Klaus and Hansen met at Coalinga last Saturday night and it is expected the services of Klaus Coalinga establishes a record for seldom do the inhabitants of such a small place have more of the Klaus class appear in boxing contests for them.

The boxing game would, indeed, be lucky if it had a few more men like D. M. De Long of Coalinga interested in it and the fans of Coalinga should appreciate his efforts in securing Klaus for them.

### HOLLAND SHOWS CLASS.

By his showing last evening with Rufus Williams, Fritz Holland proved that he is one of the classiest middleweights in boxing game at this time. He was the end of the battle. Holland tired a little but he was always giving the colored man more than he received and the decision was won in a very easy way.

Anyone who has an idea that the same Rufus Williams is an easy fellow to beat is wrong. He is a very tough and back with great gameness last evening and although Holland put him down a couple of times he boxed with coolness and his hitting was of the best.

Holland wants to meet Frank Klaus and the chances are the Oakland Wholesaler will give him the chance if Klaus can be prevailed upon to stay here for the bout. A bout between Klaus and Holland would be a great card for the local fans to gossip over and it would be some battle when the men started to work.

Tomorrow night at the West Oakland club the management is to stage three six round contests and three four round preliminaries. In the main event of the evening Freddie Williams will meet Mary Kane and unless the odds on boxers misjudge badly the odds will be one which will please the fans greatly.

Couture can box but one way—aggressively and roughly and in this kind of a bout Kane will always show the advantage.

Marlin is training like a heaver at the West Oakland training camp and in his bout with the champion he is having plenty of opportunity to improve.

In which Kane handled Ray Boughman stamps him a dangerous fellow for any of the 125 pound class and the chances are that to keep other engagements he has on hand, the Frenchman can be depended upon to do his worst.

Johnny Eckhardt and Jack McGuigan, two of Philadelphia's best lightweights, are promoters of boxing, have inaugurated a heavyweight boxing tournament at the West Oakland training camp, and are planning to stage a "Hope" tournament, which is open to white heavyweights only.

The scheme has some merit and may be productive of a championship candidate. Although, frankly, I for one do not think so.

### SENATORS GETTING CLASSY.

SACRAMENTO, June 28.—The Senators beat the Beavers 4 to 3, and by so doing they caused a decided shift in the league standing. The game was not decided until the ninth inning, the score standing tie at the start of the final frame. When Byram walked and scored on Shinn's Texas leaguer back of second.

Sacramento's three other runs were taken in the fourth. Van Buren started with a single, Danzig flew out, and Van went to third when Nebinger failed to handle Mahoney's grounder. Heister hit to Peckinpaugh, who threw to Kuhn in time to catch Van Buren at first base, but Peckinpaugh threw the ball and Van was safe. De Long's long walk and Lerchen flew out to center field.

Byram hit to Goetzner, who threw to first, and Rapps let the ball go by. Mahoney and Heister made scoring. The third out was made by Shinn's leaguer. The Beavers took their runs one at a time. In the second Rapps walked and came home on Granger's single. In the third Goetzner singled and scored to third on O'Rourke's error of Chadbourne's throw and scored on Sheehan's single. In the third, Rapps singled, stole second and came home on Kuhn's single. The score:

**RUNS AND HITS BY INNINGS.**

	1	2	3	4	5	6	7	8	9	Total
Portland	0	0	1	1	0	0	0	0	0	3
Base hits	0	0	1	1	0	0	0	0	0	3

### SEALS ARE OUSTED.

LOS ANGELES, June 28.—Berry's high throw to first base on Daley's sacrifice in the last of the twelfth inning yesterday allowed Bernard to score the winning run in one of the most exciting games of the month. Score, Los Angeles 3, San Francisco 2.

Halla of Louisville made his first long appearance when he showed that he is a live one. He was pitched against Suter, and while Suter fanned six men, there was no difference between them. Bad errors figured in every run, and each team made six bingles.

Hamid quit the game at the end of the eleventh on account of a split finger, and in the twelfth Mohler changed the battery to Moshman and Berry. Bernard opened the twelfth with a Texas League double over first base and Daley bunted in front of the plate. The throw to first was over Tennants head, and Bernard scored the winning run on this. Shaw's right-handed running catch of Moore's fly to left center in the seventh inning was the fielding feature of the game. Score:

#### ST. LOUIS, June 28.—The Cardinals and Cubs broke even in a double-header, both games of which were hotly contested.

First game: R. H. E. St. Louis 9 7 4 Chicago 5 7 4

Second game: R. H. E. St. Louis 10 3 3 Chicago 9 10 3

Batteries—Steele and Ellis; Reulbach, McIntyre, Curtis and Graham.

PHILADELPHIA, June 28.—The Quakers made it four straight in a game against the Cardinals, winning 10 to 3. Three innings went along in a rainstorm; then it cleared, during which time the Phillies went ahead.

Score: R. H. E. Philadelphia 10 3 3 Called—Rain.

Batteries—Chalmers and Humphreys, Moran, Dolan, Perdue and Kling.

PITTSBURGH, June 28.—The Pirates scored all their runs in the first inning, winning from the Reds, 4 to 1.

Score: R. H. E. Pittsburgh 4 1 0 Cincinnati 3 9 0

Batteries—Carnahan and Gibson; Fromme and McLean.

BROOKLYN, June 28.—The Glants scored a double victory. The first game was won by heavy hitting in the first and second, which retired Dan Scanlan. The second game was won by a series of timely hits, led by unsteadiness on the part of Berger.

First game—R. H. E. Brooklyn 3 6 4 New York 0 6 2

Second game—R. H. E. Brooklyn 9 10 3 New York 7 10 3

Batteries—Boggs and Erwin; Ames and Myers.

## Idora Park's Ballet Proves Theatrical Hit of the Town

Youth and Beauty Attract Crowds to Place

Idora Park's new free offering, called a spectacular ballet and military extravaganza, is the hit of the town. Never in the history of this famous place of

RUBIE LESLIE and VILMA STECK with ballets at Idora Park.

## GIANTS TO MARRY AT LOCKPORT, N.Y.

St. Patrick's Church Is to Be the Scene of the Unusual Event.

LOCKPORT, N. Y., June 28.—Mary Ellen Powers, for years Barnum's tallest woman, is to be married this week to Maurice T. Stapleton of the town of Lockport, one of the tallest men in this vicinity. The license has been issued and the ceremony is to take place at St. Patrick's church. The date and hour have not been announced, the principals desiring to have a quiet ceremony to avoid too much publicity.

Miss Powers resides here and is a heavy owner of local real estate. She is seven feet in height. Stapleton is over six feet and a giant in every way.

About three years ago, Miss Powers and Mr. Stapleton were to be married, but the event was called off on the morning set for the ceremony. No reason was given out.

## DR. AKED TO SPEAK AT SANTA CLARA EXERCISES

SANTA CLARA, June 28.—The annual commencement exercises of the Santa Clara high school will be held tomorrow evening. The address will be delivered by Rev. C. F. Aked of San Francisco.

## RETURNS AFTER SUDDEN DISAPPEARANCE

NEWBERG, N. P., June 28.—Hiram Davis of this city went for a walk with his father eight years ago. The father stopped to talk with a friend and Hiram, then about 20 years old, walked on. He was never seen after that until he walked into his parents' home last night. The police all over the State were on the lookout for him, the Hudson river was searched and finally he was given up as dead. When he greeted his mother last night it was some hours before she could be calmed. Davis has been out West.

## PROTECTION FROM 'PUMP' GUN DENIED DENIZENS

ALBANY, N. Y., June 28.—The Senate Forest, Fish and Game Committee has reversed its former recommendation of the bill prohibiting the use of automatic, or "pump" guns, in the shooting of wild game, and by a practically unanimous vote decided not to report the measure. This action followed a public hearing in which representatives of various arms manufacturers opposed the bill.

POSTMASTERS APPOINTED. WASHINGTON, June 28.—Postmasters appointed for California: Brooks, Yolo county, Emeline Smith; vice H. H. Smith, deceased; Columbia, Tuolumne county, H. E. Brady, vice J. W. Pitts, resigned.

amusement has an attraction jumped into favor so quickly as the ballets at Idora? "Have you seen the thirty pretty girls at Idora?" is a question being asked on all sides. The ballets have been on but four nights, yet nearly everybody in town is talking about the great show you can see free at Idora.

As a usual thing the attendance at Idora during the early part of the week is lighter than on Friday, Saturday and Sunday nights. However, this week the amphitheater has been crowded every evening, and before the week is up seats will be at a premium.

Both the ballets and extravaganza were conceived and staged by Frank Stammers, and although they promised to be extremely beautiful, the offering has made a far greater hit than was dreamed of by the Idora management. Manager York announces that the ballets will be changed from time to time and new features will be introduced every week.

Patrick Conway's band will be at Idora for but three days more, playing his farewell concert on Friday evening. Beginning Saturday afternoon Weber and his band will be the attraction in connection with the girl ballet.

## TERRY REFUSES TO BACK UP OFFER

Lumberman Refuses to Pay \$100,000 to the Defunct Shasta Bank.

REDDING, June 28.—According to a telegram received by George M. Mitchell, special deputy superintendent of banks, in charge of the Bank of Shasta County, from State Superintendent W. R. Williams of San Francisco, J. E. Terry, the lumberman, has refused to pay the \$100,000 agreed upon in full settlement for \$220,000 due the wrecked Bank of Shasta, 45 cents on the dollar.

The compromise was approved by the Superior Court last week, and by the terms of the agreement the First National Bank of San Francisco could then pay over the money to Williams. Terry, it is said, tried to withdraw the offer just before the compromise came up in court. Judge Egan refused to let him withdraw and Terry's attorney took an exception. Williams states that Terry has served him with notice of appeal in the matter of settlement. Although the investigation into the wrecked bank is still going on, the grand jury is taking no action until the money is in.
